Today's high school is a special world teeming with events, feelings, and experiences; and it's made special by the individuals who are just passing through . . . stopping for three short years to roundoff their minds and personalities before they embark for tomorrow or climb "up where they belong . . . where the clear winds blow.

But like the song says, "Who knows what tomorrow brings — only today. All we have is the here and now." We can and must get ready for tomorrow because ultimately that's where we will find ourselves.

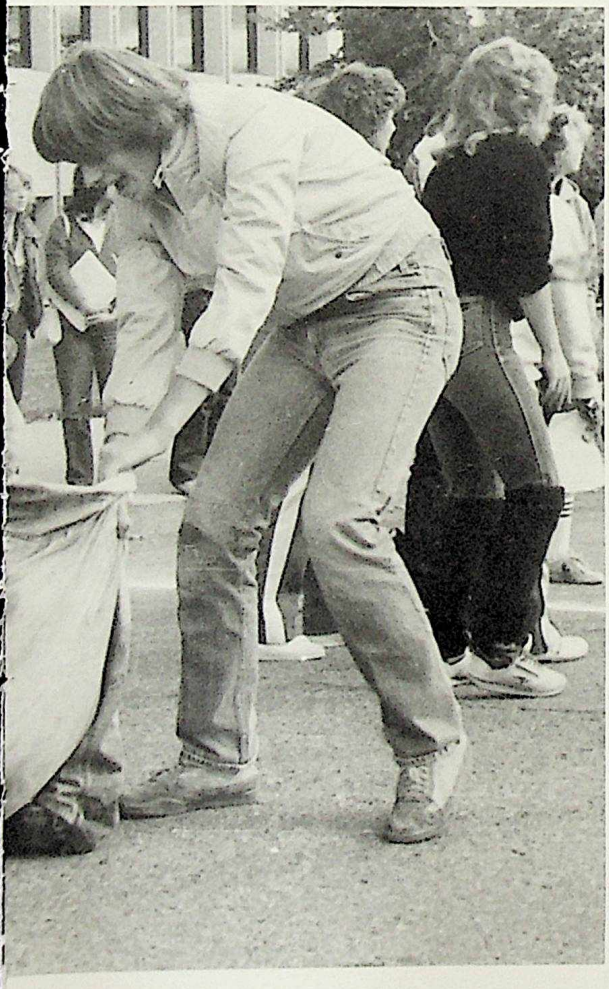
For many in their first year here at McNally, "the road is long", but as you get involved, and make new friends, and discover new ideas and concepts, the "time goes by" — always too quickly.

THE SILVER JUBILEE
1952-1977

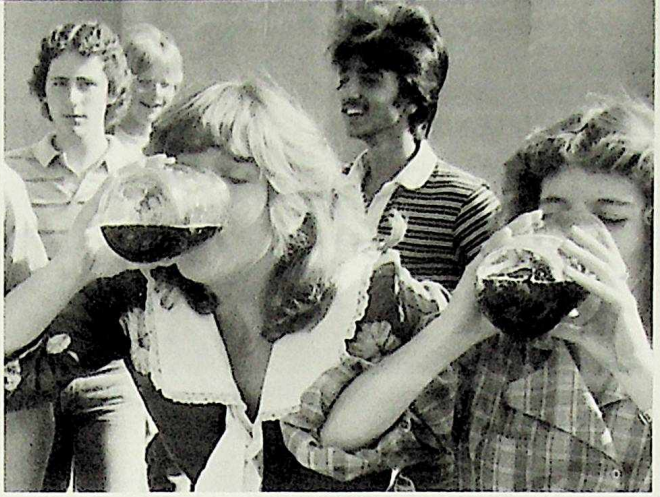
ACTIVITIES

They're off and triking! True, it won't make the Olympics or the Commonwealth games in the near future, but the McNally trike races are a very competitive sport. Cheating wasn't allowed, yet it wasn't unusual to see a fierce competitor pushing a trike or hanging on to someone else's. There was a healthy atmosphere of rivalry between teachers and students alike. Speed was of the essence and some of yesteryears models were souped up and refined into sleek, compact racing machines. One of the more popular models was the 1856 Monster Special. It might have won, but the steering mechanism had been recalled in 1857. The 1906 Band Mobile was also present, marching to a different tune as usual. And of course, we can't forget about the Tiny Trikes. Although there were no injuries incurred during the race, sore throats and bruised egos were common on the sidelines. An attempt was made by certain

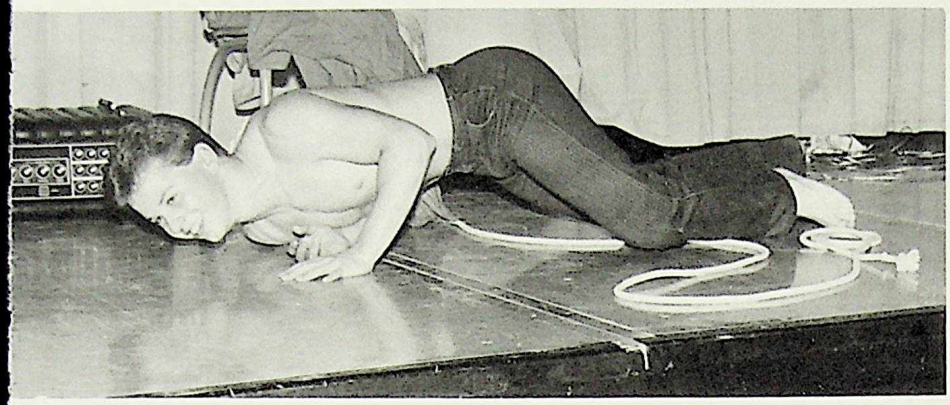
people to blockade the race, mainly to prevent a team they didn't like from winning. Nice try fellows, but the staff was right on top of it, and the race finished without any further mishaps. Thus drew to a close one more occurrence in the annals of trike racing.



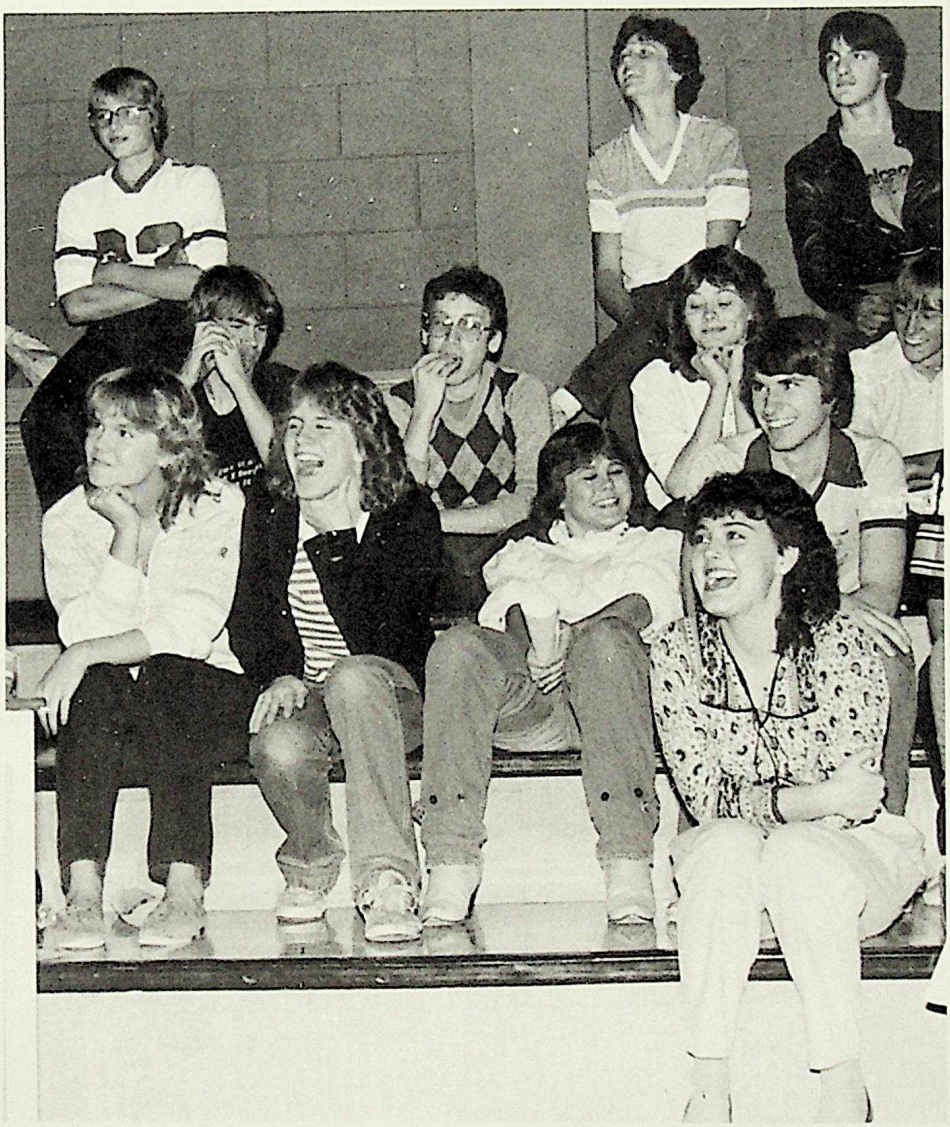
One of the year's earliest activities was, you guessed it, FROSH DAY! This was a time when students from all grades got together during lunch for some friendly competition. One of the favorites, if not messy, was the donut-eating contest. Others included a chug-a-lug race to see who could drink the most "McNally Moonshine" in the allotted time. Another of the favorites was the old-time standard, Tug-of-war, usually played standing up — not lying face down on the ground.



FROSH

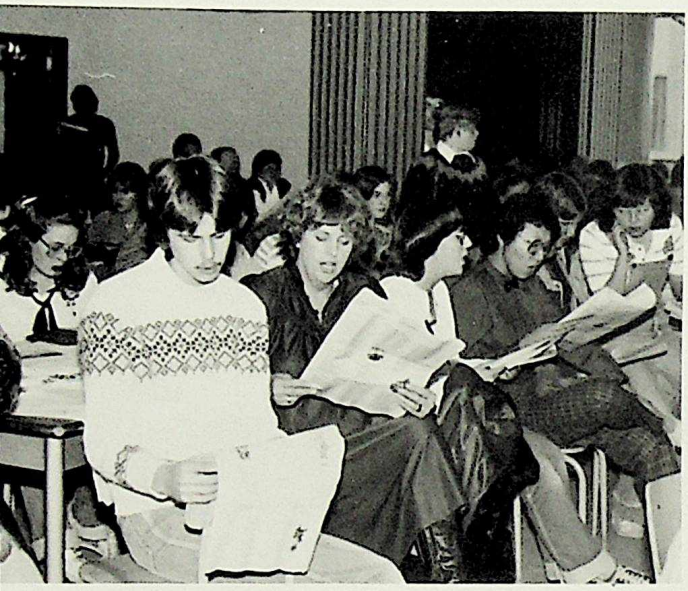


Have you ever wanted to own a slave? Have you ever wanted to be one? Well, this was your chance, the McNally Annual Slave Sale. Members of our Sr. Football Team combined with members of the Sr. Cheerleading Squad, and put themselves up for sale to raise money for the Students Union. In the end, even the Master of Ceremonies, Darrin Low, wound up losing his shirt and being sold.



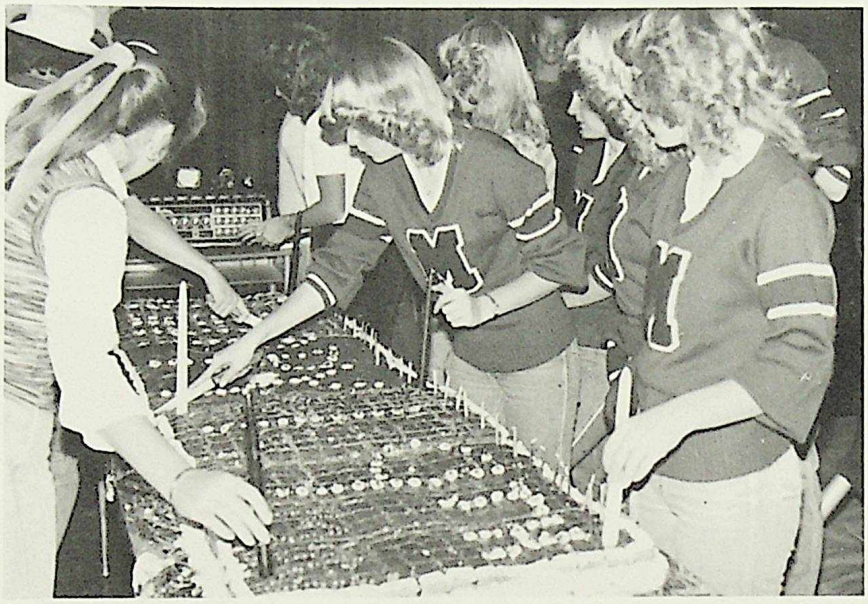
PANCAKE BREAKFAST '83

Grad Council put on a fantastic breakfast with help from the McNally band for Christmas carols, and even a Birthday wish for Patty!



GONG SHOW

Out of very few "flops" this year, the S.U. council should have been gonged for this one! With Myrna and her apple pies, or the McNally Trotters, we shan't forget those mountains (Frances and Miles) in "The Sound of Horror".



HAPPY BIRTHDAY

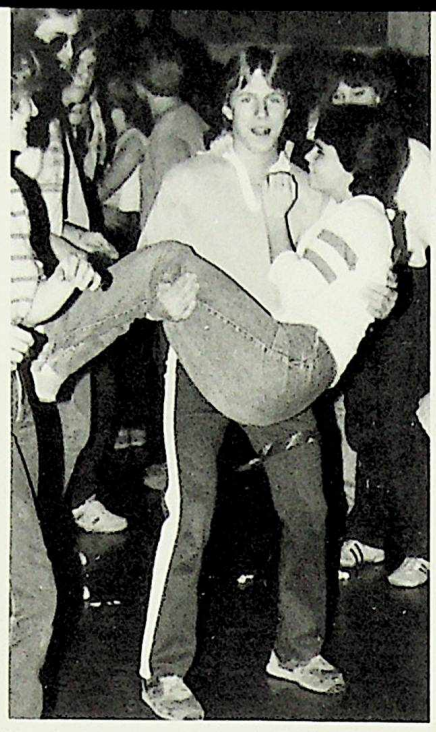
For their determination in wishing McNally her 19th Birthday, we give credit to all students, but especially to our S.U. Certainly a surprise for all, we sure had fun filling our faces with portions of a once 8-ft. brown and orange cake, made secretly the evening before.

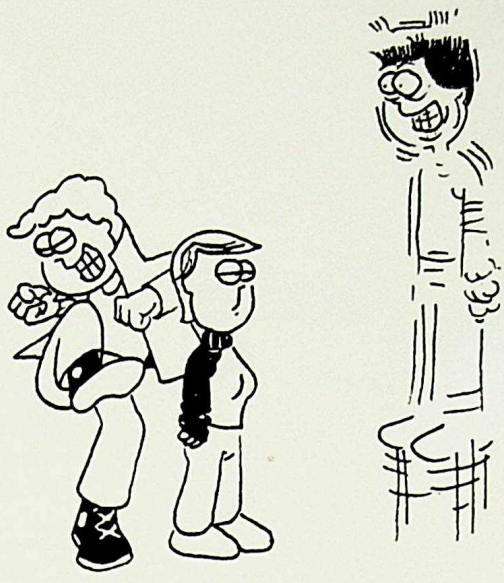
REACH FOR THE TOP

Miss Bain led our sparkling "bright" team like an old pro (maybe not so old), as we reached, and reached, and reached. . . .

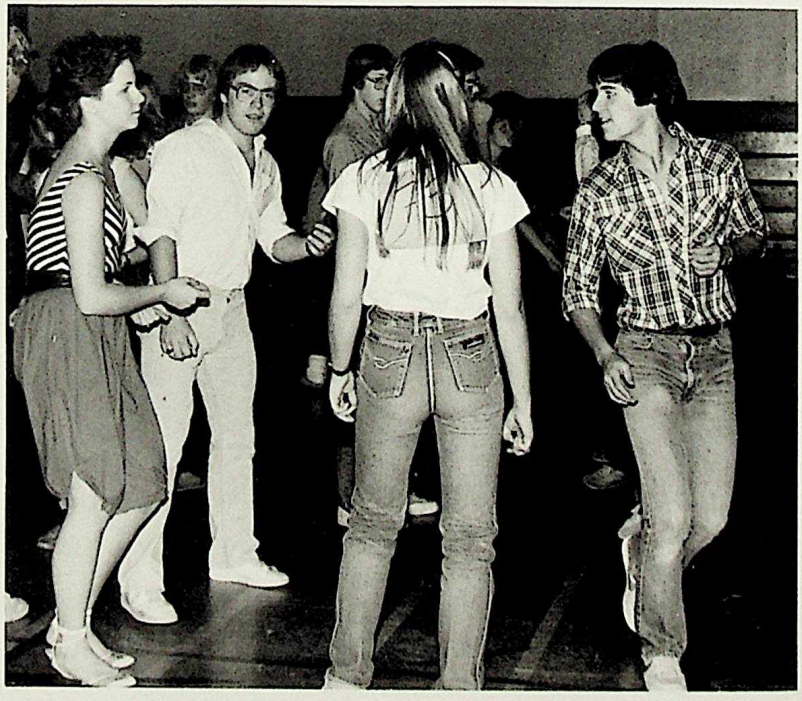
DANCE-A-THON '82

For twelve long hours, over 70 energetic couples bumped, boogied, and jived away their time and energy, not to mention their legs, at the 1982-83 Annual Dance-A-Thon. The music was supplied by Dr. Donny L., and the proceeds went to UNICEF. Prizes for the most sponsor money went to Darcy O'Brien and Richard Hicks.

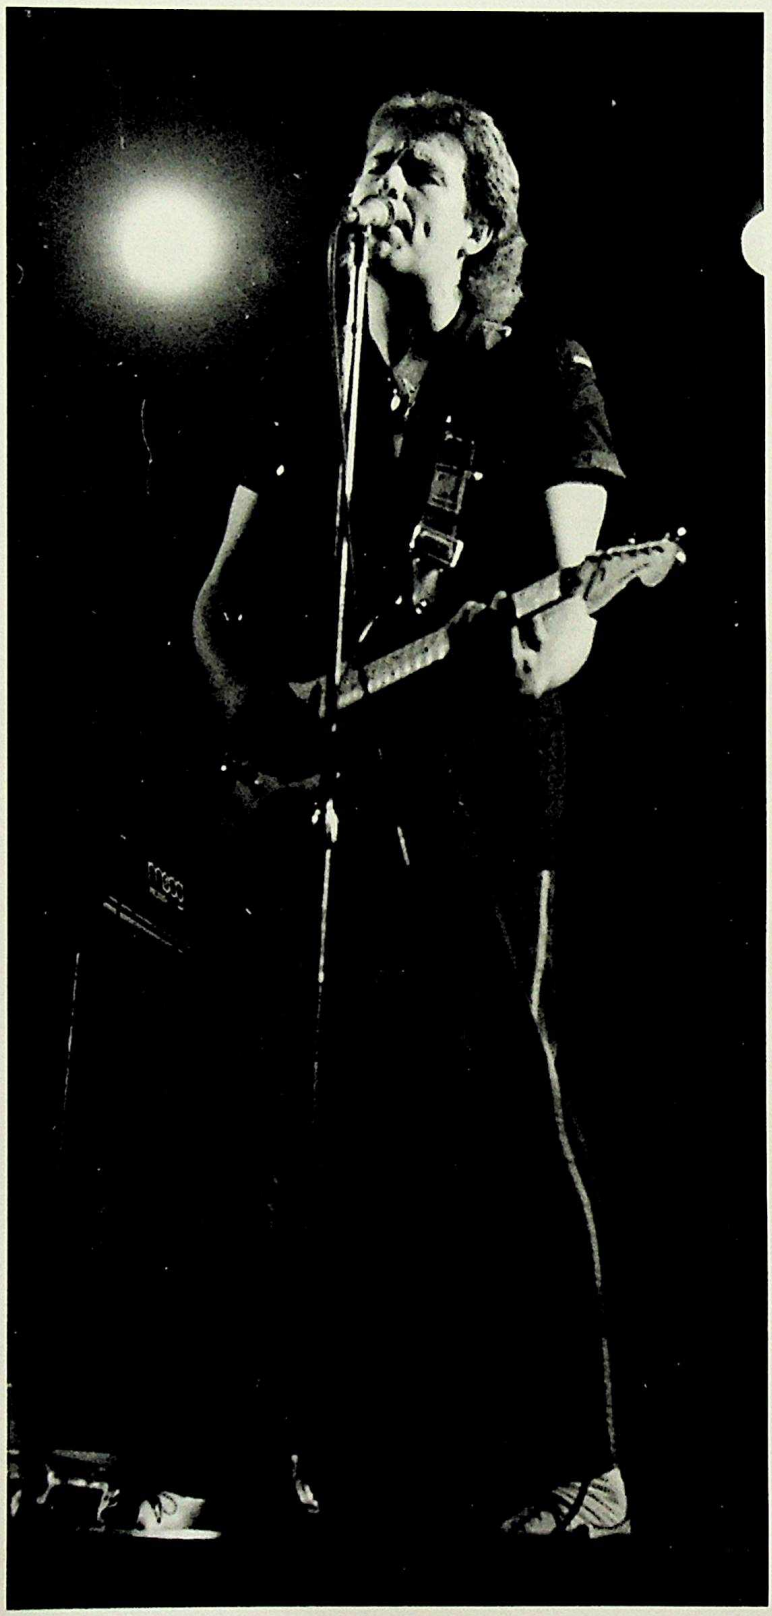


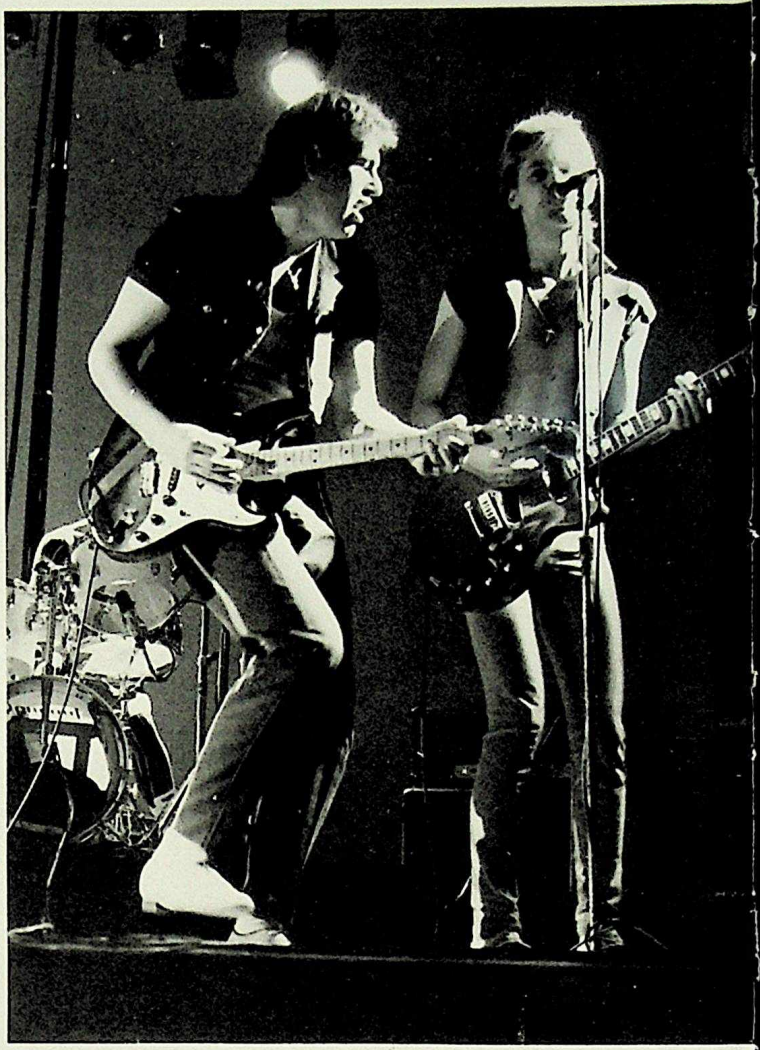


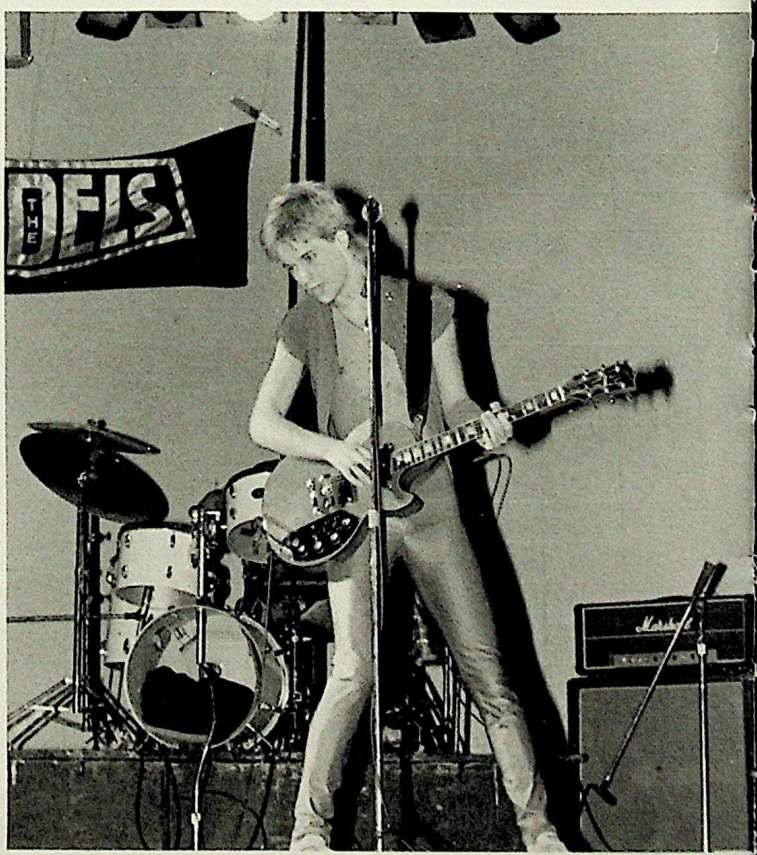
DANCES



MODELS

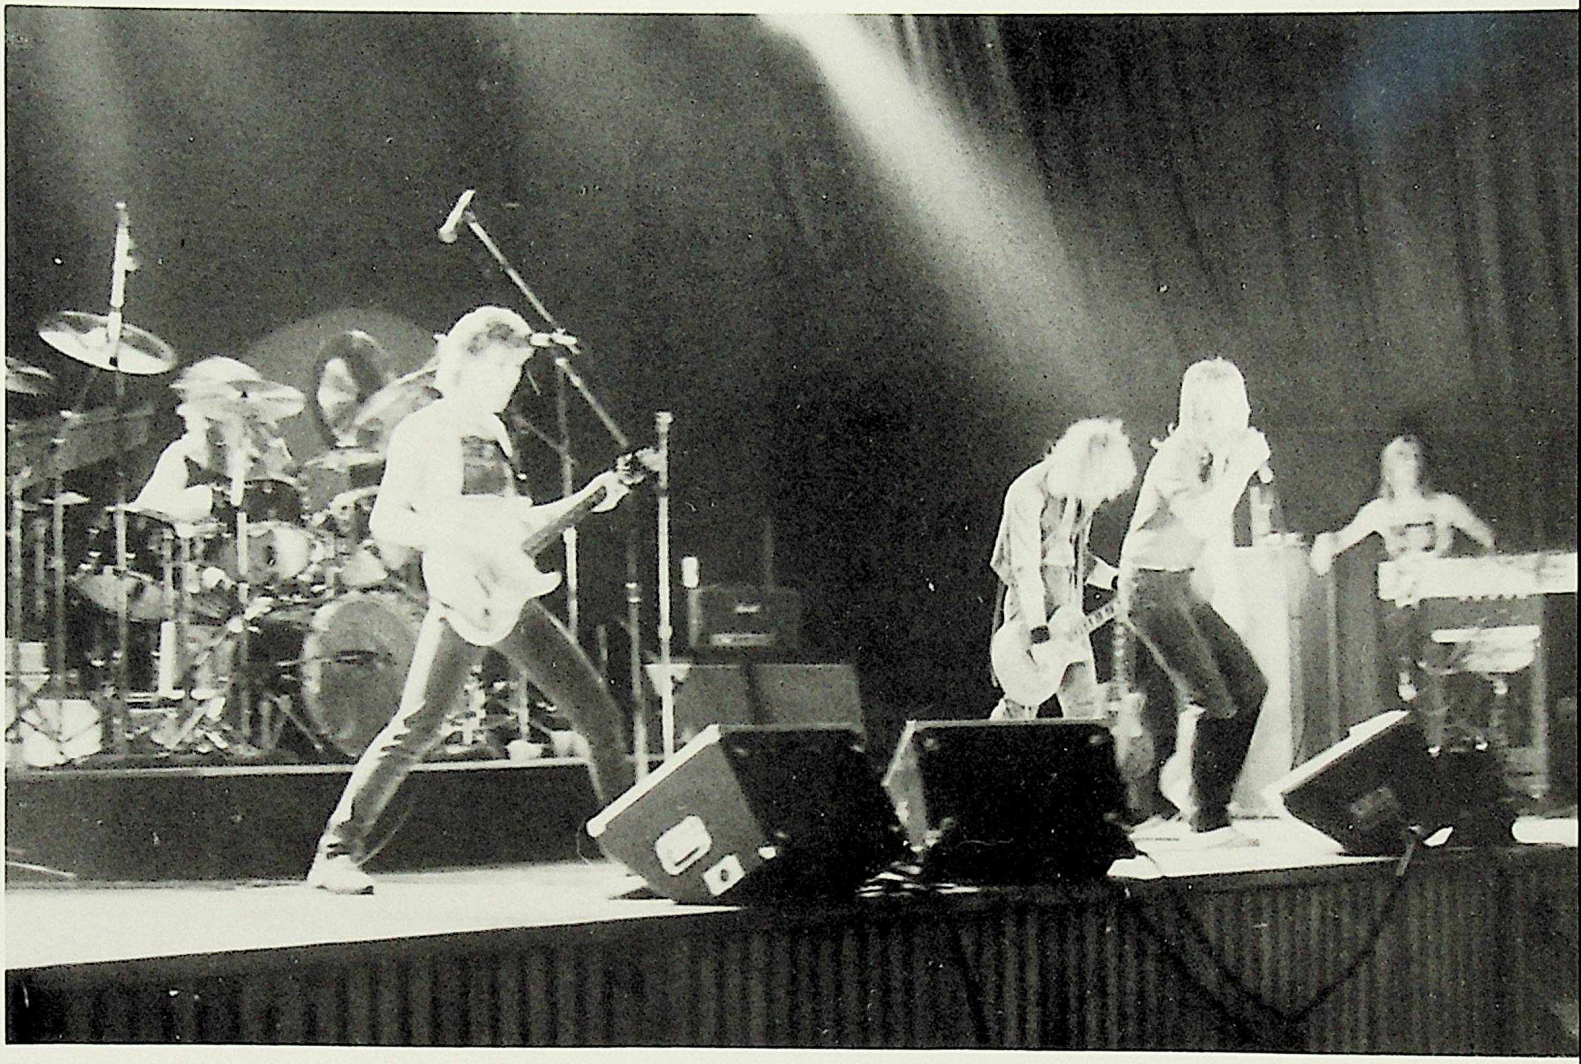


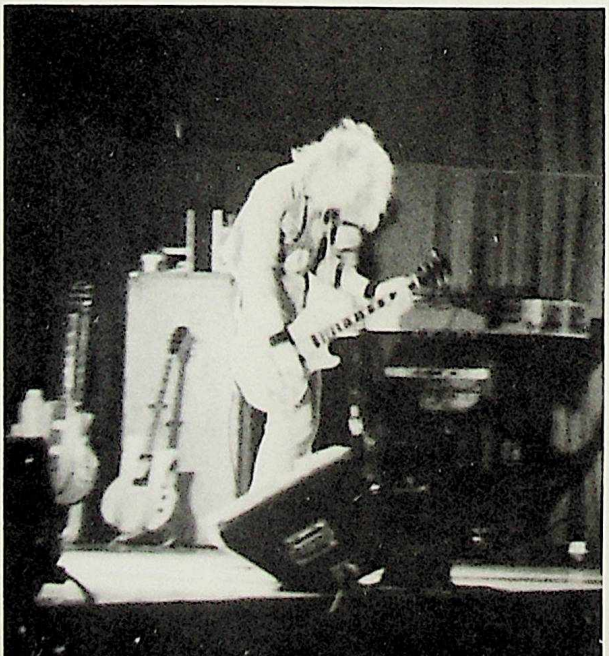




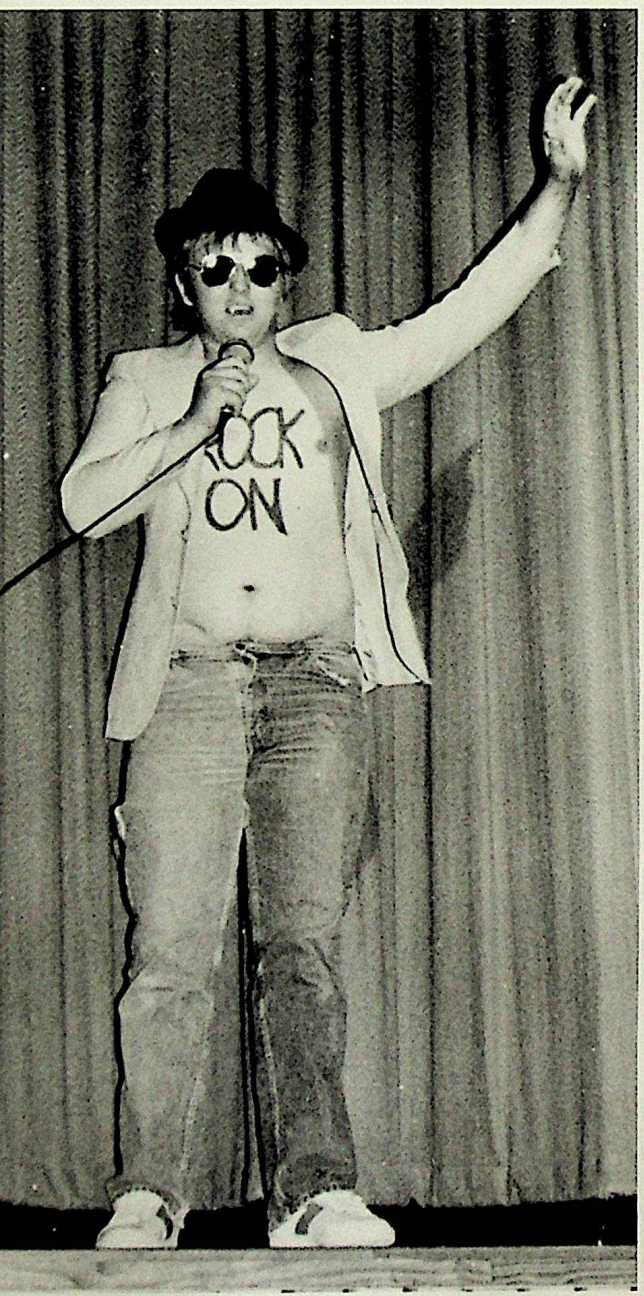
Pretty Rough

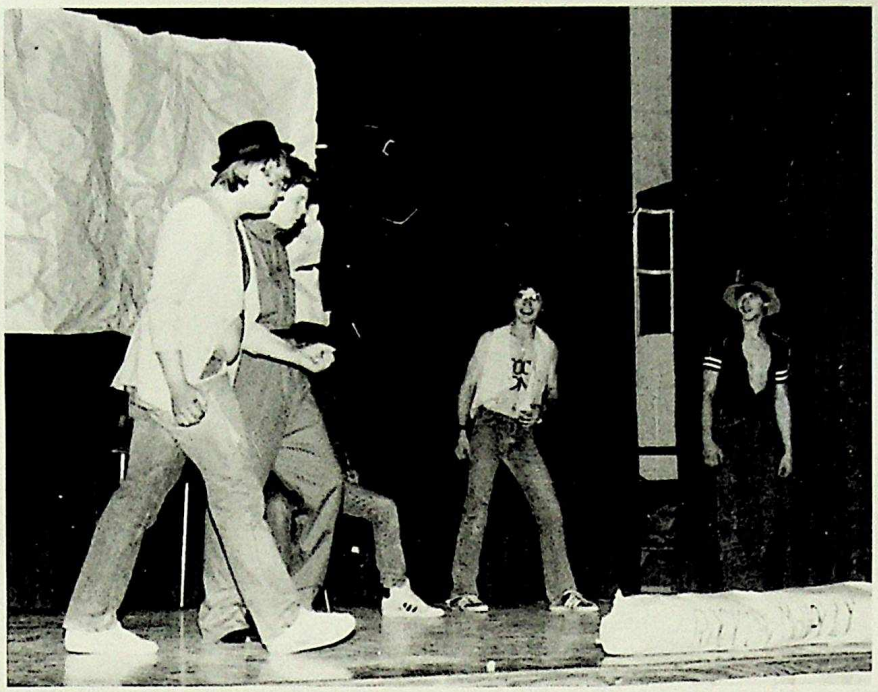
Edmonton's own Models **and** Pretty Rough **staged two great concerts in the small gym this year, even though students showed unoverwhelming enthusiasm.**

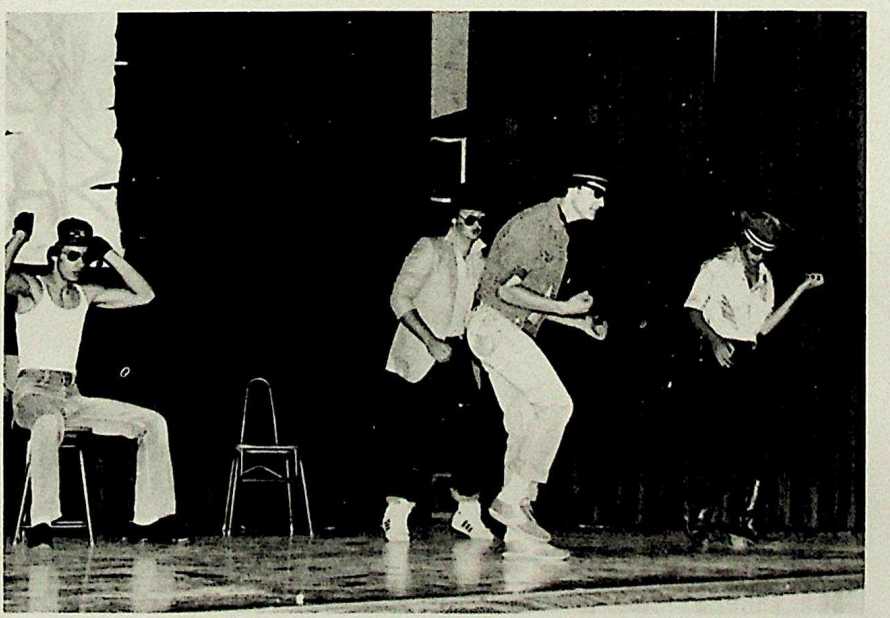


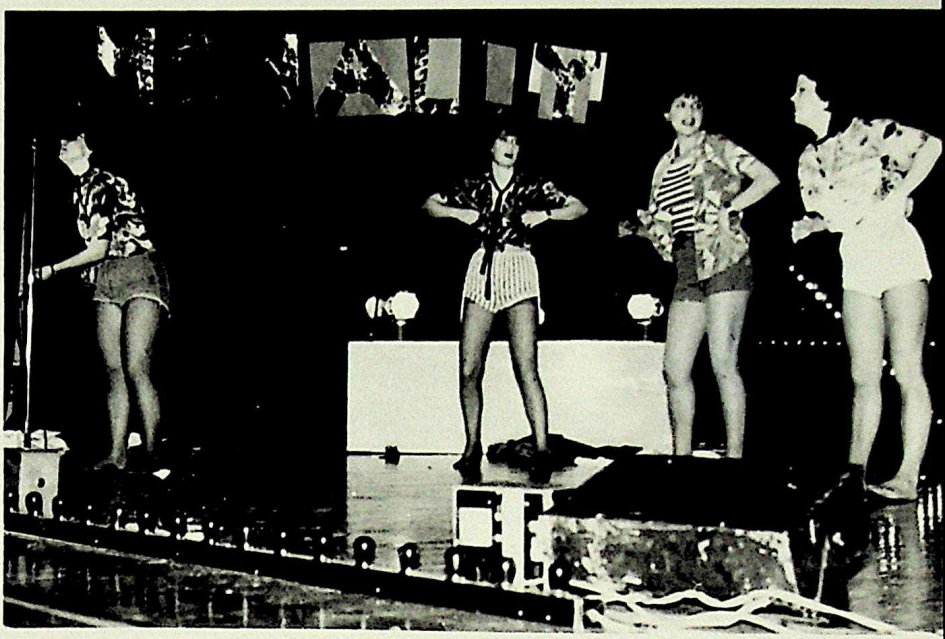


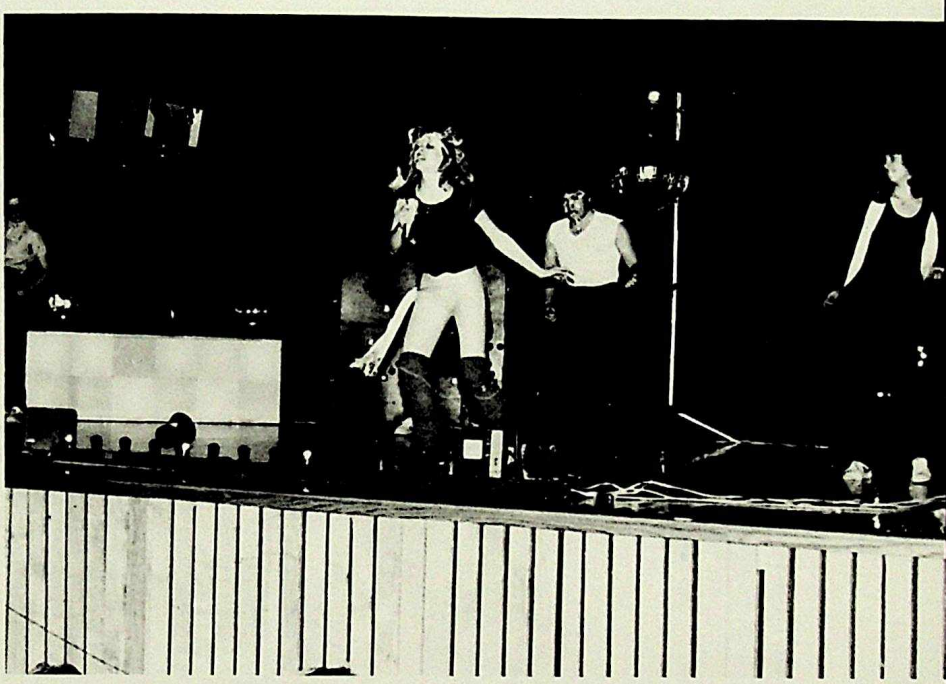
As the year begins, our infamous air banders begin coming out of the woodwork to put on a show using the world's most abundant resources — air and imagination. You don't have to have any musical talent, but insanity helps. If you were in attendance, you were sure to get an airfull. Many people demonstrated a natural ability at the various instruments; Air Guitar, Air Drums, etc. Some of the more humorous occurrences appeared when the music stopped and the band kept playing, or when the music started but the curtain didn't have enough sense to reveal what was going on behind. At times the soundtrack slipped, but it only seemed to increase the crowd's reac-



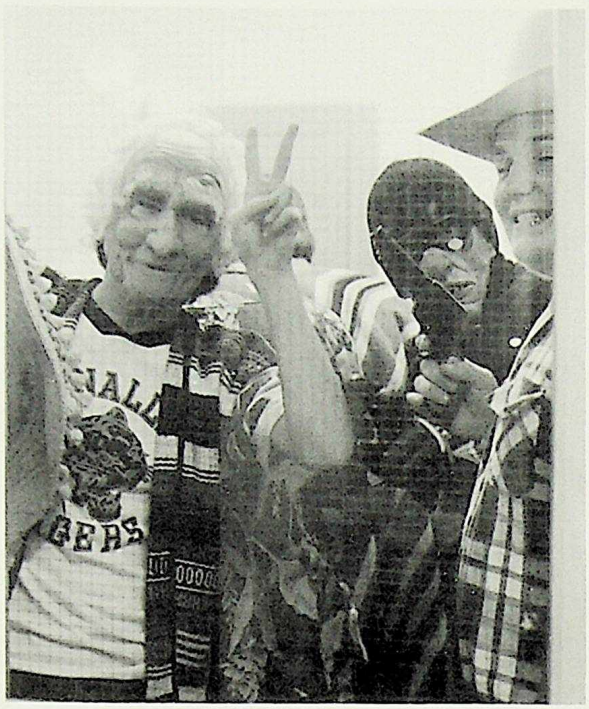


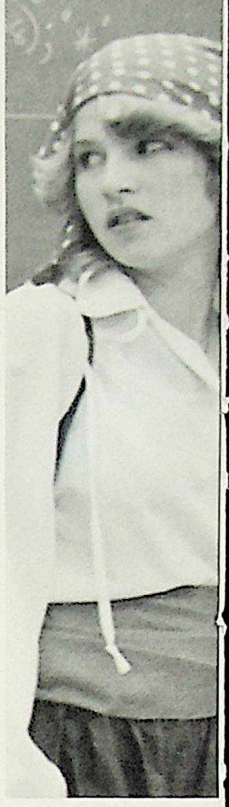


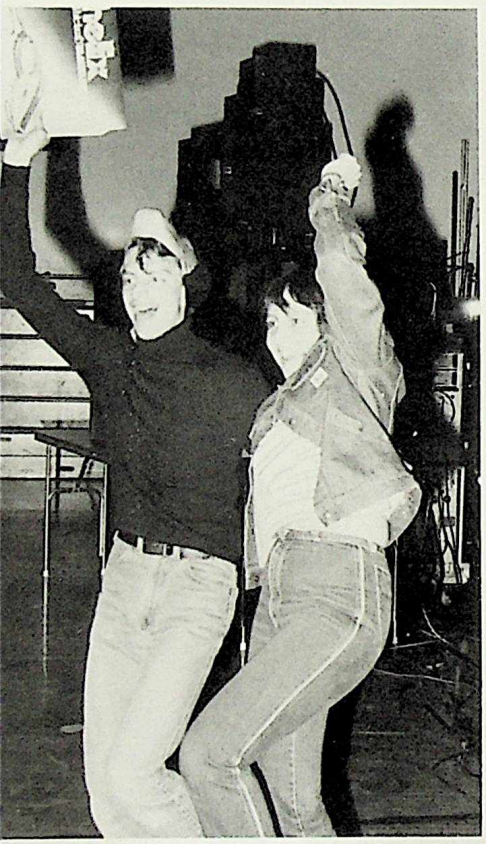


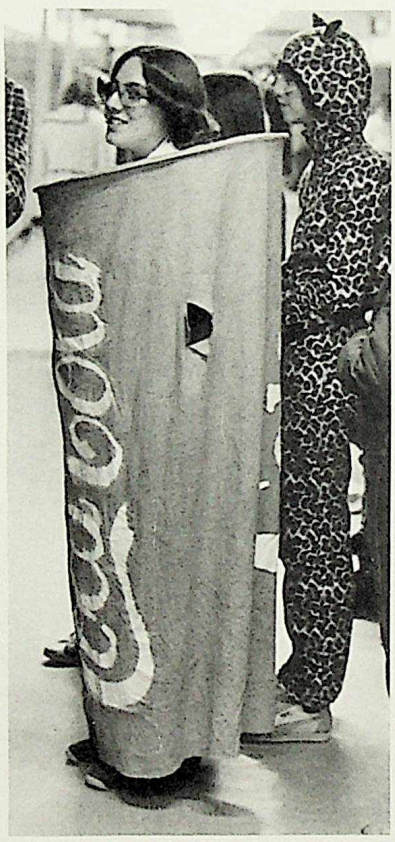


tion. There was a great amount of laughing, and if not at the bands, then most certainly at their names. Funkological — definitely a cause for laughter. Rock – On took the $25 prize first time around, but with the stakes higher and special guest judges, and The Rubber Band II took first and second in the latter, more organized contest of the year. McNally is revolutionizing the music industry. We might even be considered a threat to various bands out already, such as Air Supply. McNally certainly does deserve a round of applause for their imagination. What will they think of next?







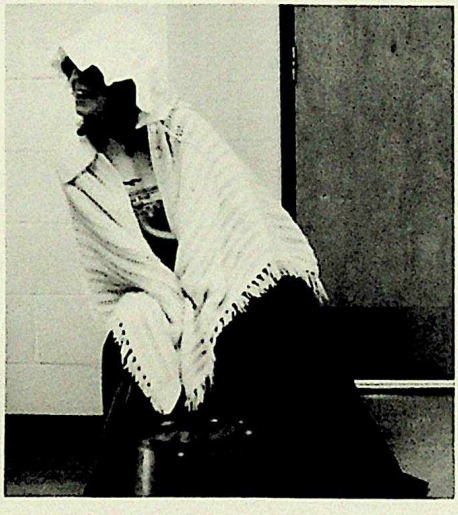


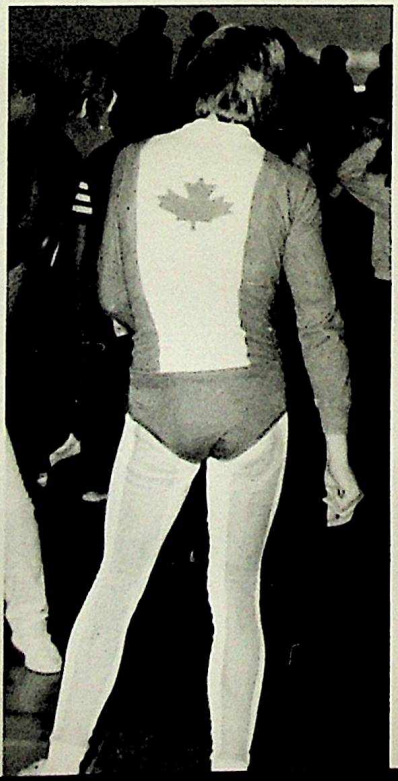
HALLOWEEN

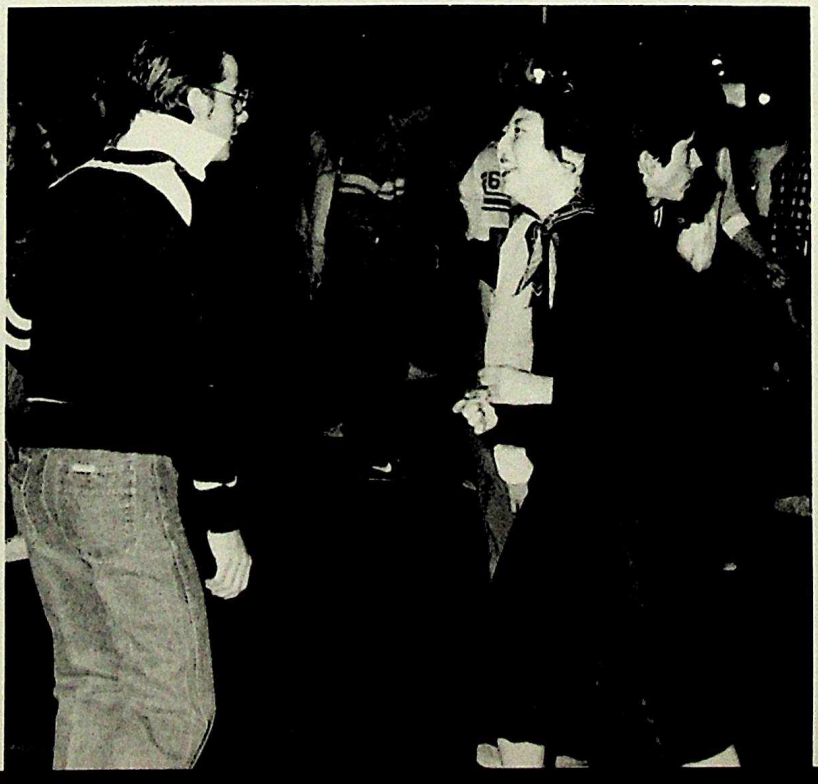
Even though Halloween was celebrated early this year, October 29th, many spooks, goblins, and a variety of other "things" came drifting up from the river valley.

McNally has its share of creepy crawlers and sexy slinkers, eager to see who can look the most gorgeous, gruesome, or just plain outrageous.

The day passed quickly, and soon came the night. The goblins mixed with the punkers, the ghosts with the gypsies, and teachers with students, to form a wild menagerie of guests at the annual "Ghost Ball"!



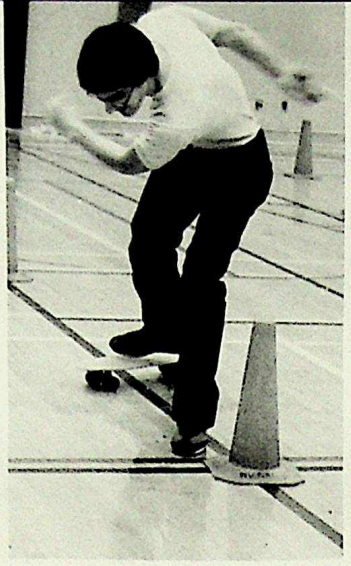


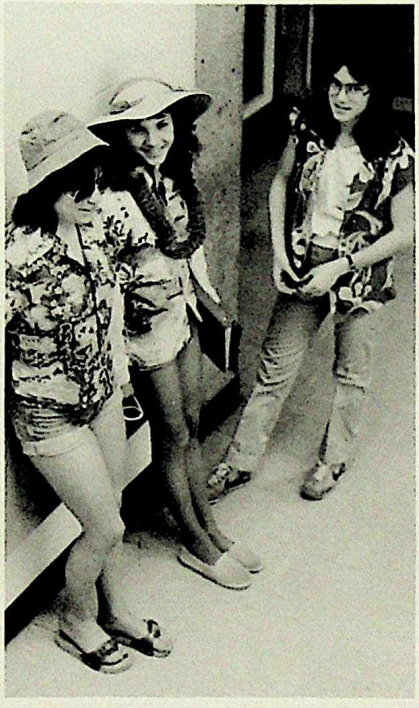


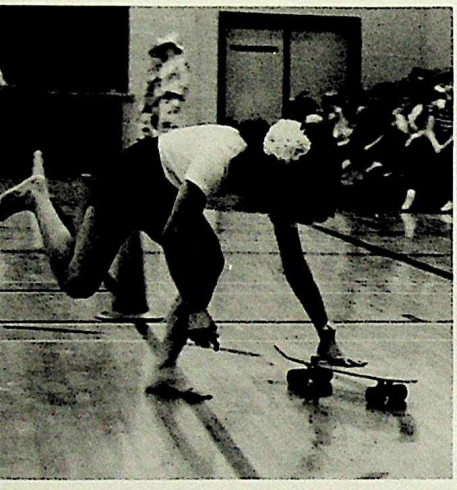
HALLOW

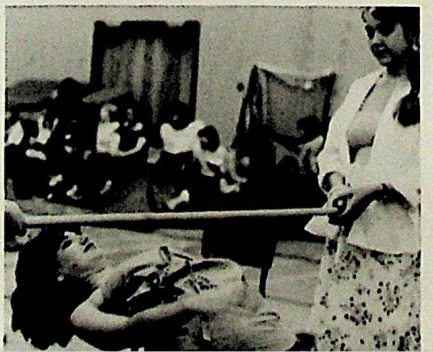
HAWAIIAN DAY

An all time favorite S.U. activity for student participation — certainly no exception this year. The skate-boards and slippery gym floor left some out of "Place" (one dislocated toe!), but all else went well on this popular day.



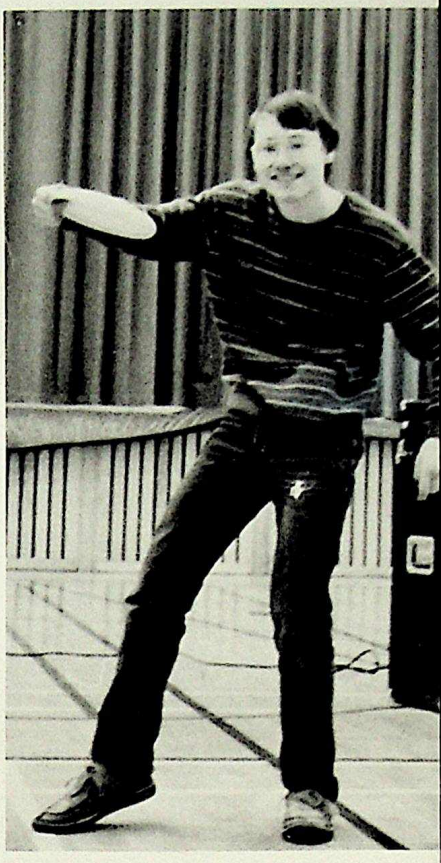


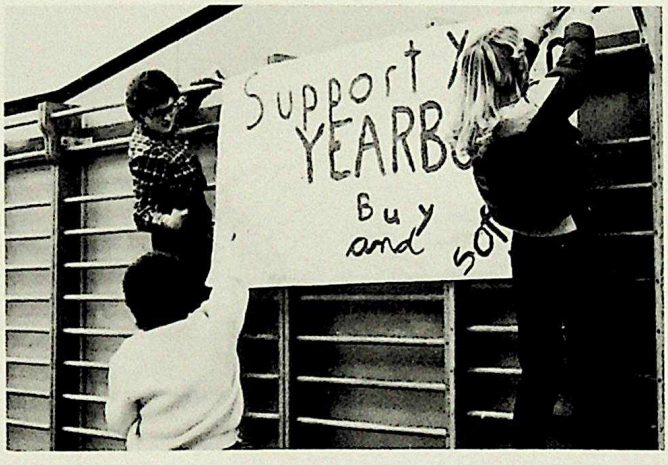




CARNIVAL DAY

A new idea from S.U. council with limited success, as it coincided with a citadel performance. We, of the yearbook staff, remember it as the day when our terrific COKE machine sprayed orange pop in every direction of the small gym!





HIKING CLUB

Inveterate and durable, congenial and adventuresome — the hiking club has been one of the foremost, active clubs in our school's history. They meet regularly to look at slides and maps, indulging in outdoor talk and mountain musings. Always planning the next big hike, they systematically through the years go about covering every trail worth seeing in the rockies. This year they did the Trail to Sunrise lookout and pass and some shorter hikes as well. One of them was to Elk Island which is close enough for getting in shape; most of the pictures here were taken on that trip.

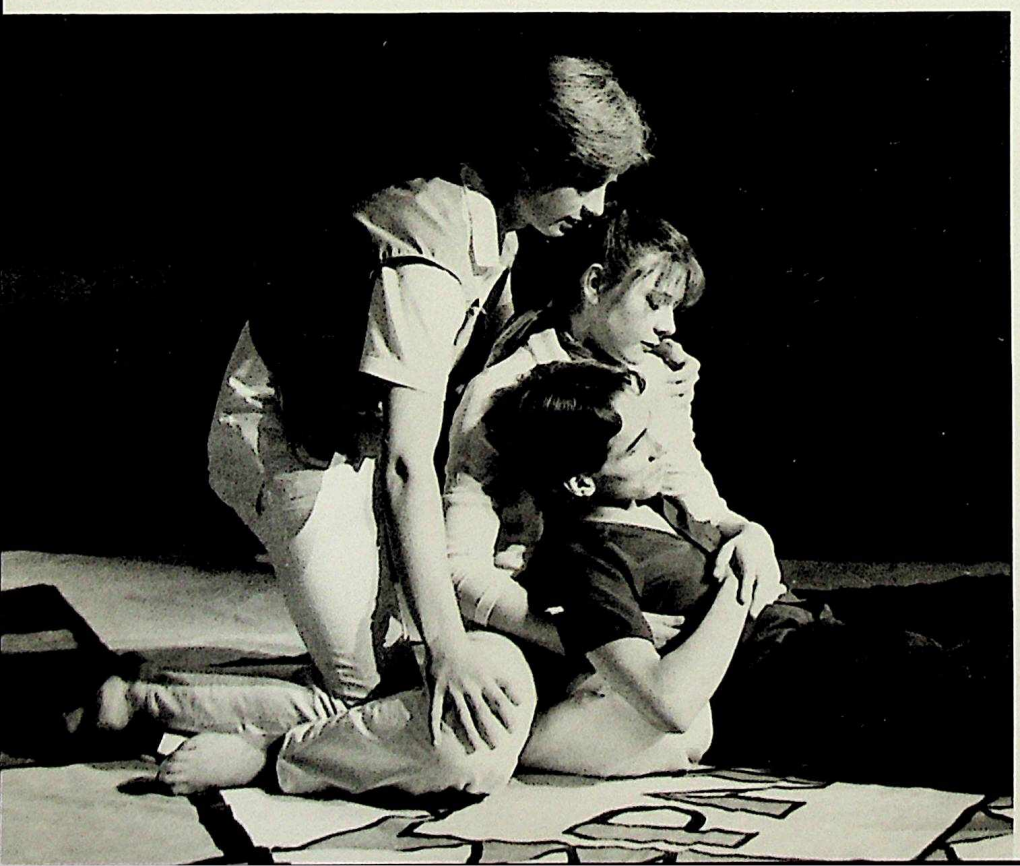
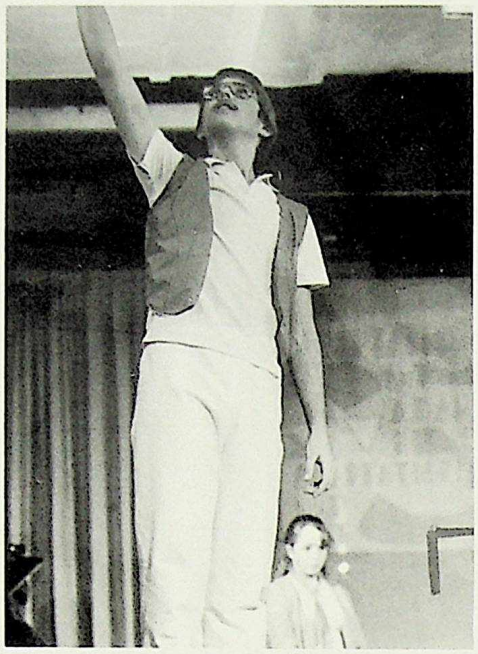
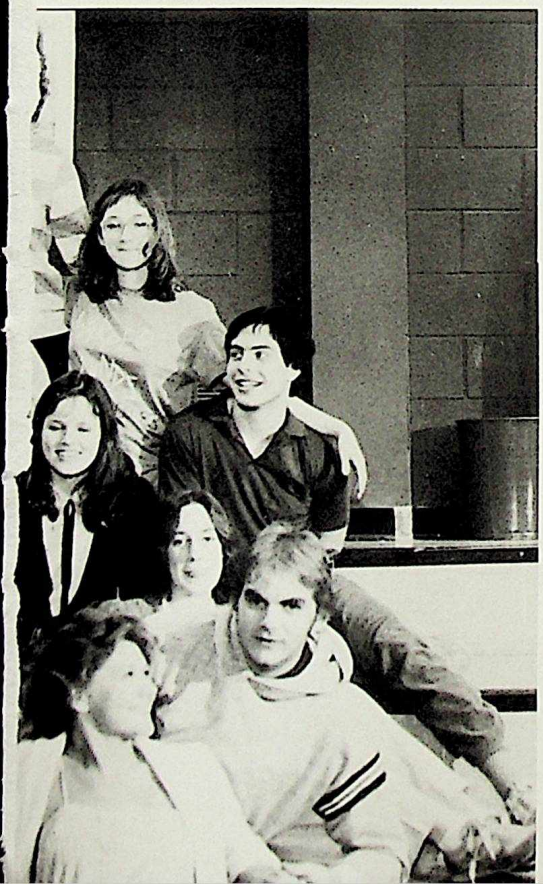
Drama Club





Carren luring new talent into the depths of the Drama Department.

The past year was very successful for McNally's Drama Department, starting with the largest Drama 10 class in years (30 of them!). The new talent had a chance to show itself in the first production, consisting of "Coffee", "Sandbox", and "Adaptation", and the year culminated in April with McNally's first musical, "Snoopy".



The Music Department has been increasingly involved in our productions this year. We would like to thank Mr. Smith and the members of the bands who performed with us for their cooperation.

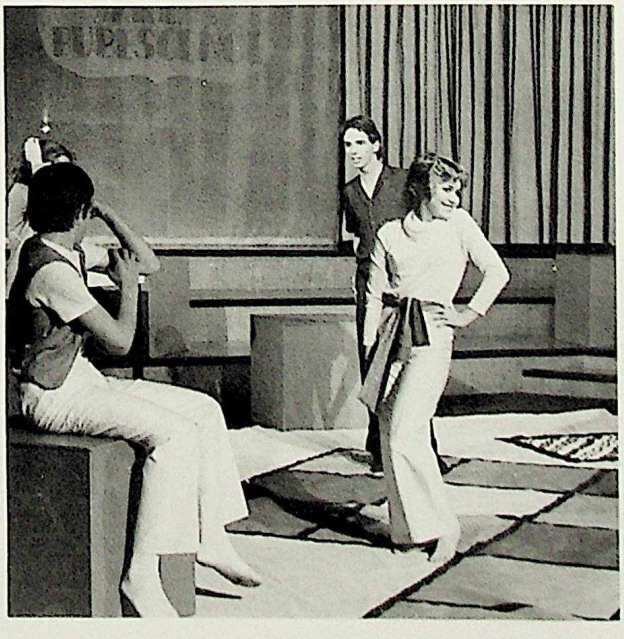
McNALLY



Somewhere in this group of "organized" bodies, you will find (possibly), the following members of the Drama Club.

Grade 12's: Beatrix (Beezly) Albarda, Blair (Big Twinkie) Ball, Julie Chen, Walter Dickau, Shelley (Strut) Gajda, Ivan Jonsson, Chris Kanash, Carren (Bubblebuns) Kuhberg, Doug (Snoopy) Peat, Melanie Peacock, Miles Skubleny, Rod Shupenia, Myrna Smith. Grade 11's: Janet Berrisford, Lonna (Woodstock) Cunningham, Tyler (Fluffybum) Colvin, Clara (Jello) Johnson, Merna Johnston, Rhonda Fredericks, Tina Petrovicz, Nancy Stretch, Kevin (Nice-looking Young Man) Polzin, Melody Read, Lisa (Lisa-Lisa-Lisa) Sokoluk, Ruth Strong, Silvia Yee, Jackie Zuk. Grade 10's: Terina Fletcher, Andrea Hursey, Danny Leavitt, Burns Leavitt, Sunday Stephens, Carol Bosse. Our valiant leader, the Biggest Twinkie: Mrs. Burchak.

Students Union

The year 1982-1983 will long be remembered as the year that the Students Union got off their butts and did a fantastic job organizing typical and creative functions and events for student body participation and entertainment. No formal picture was taken of them (they were always too busy), but they certainly deserve much credit for a beautiful and memorable year.

The executive members included: Carolyn Goode, president; Jackie Zuk, vice-president; and Mr. McWilliams, advisor.

This year's PFL class got involved with a new program. We called it McNally's own Big Brother-Sister Program. The Perspectives for Living class was paifed up with a grade 4, 5 class from McCauley. Each student from here, became the big brother or sister to one of the children from McCauley Elementary.

We did a number of things with them, such as rollerskating, bowling, reading, and a last special day at Elk Island Park. It was a rewarding experience.

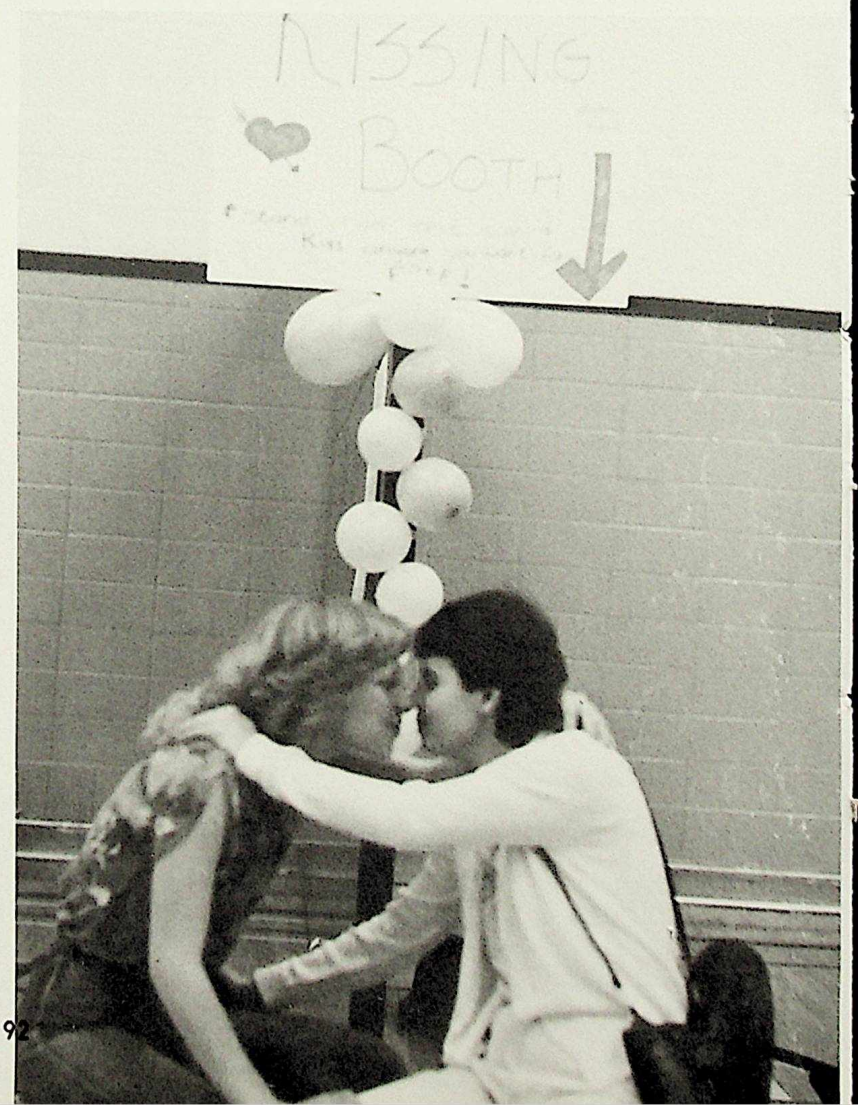
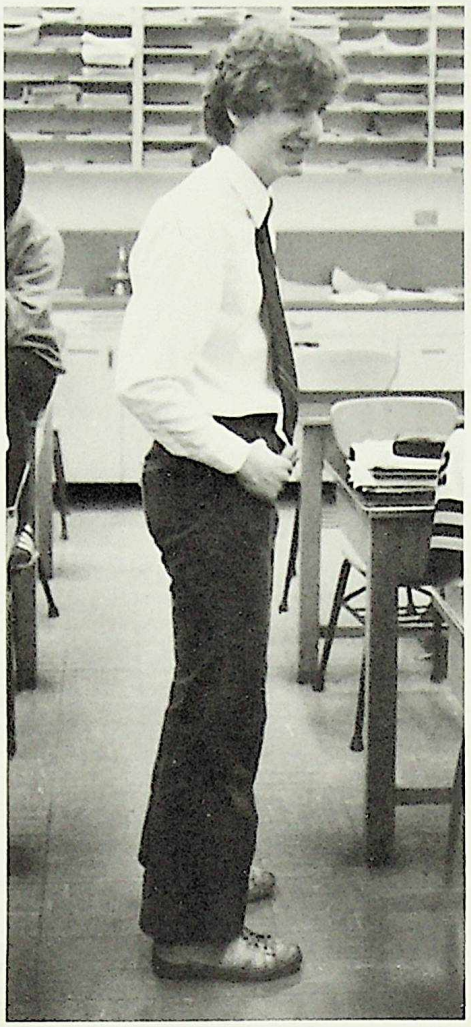
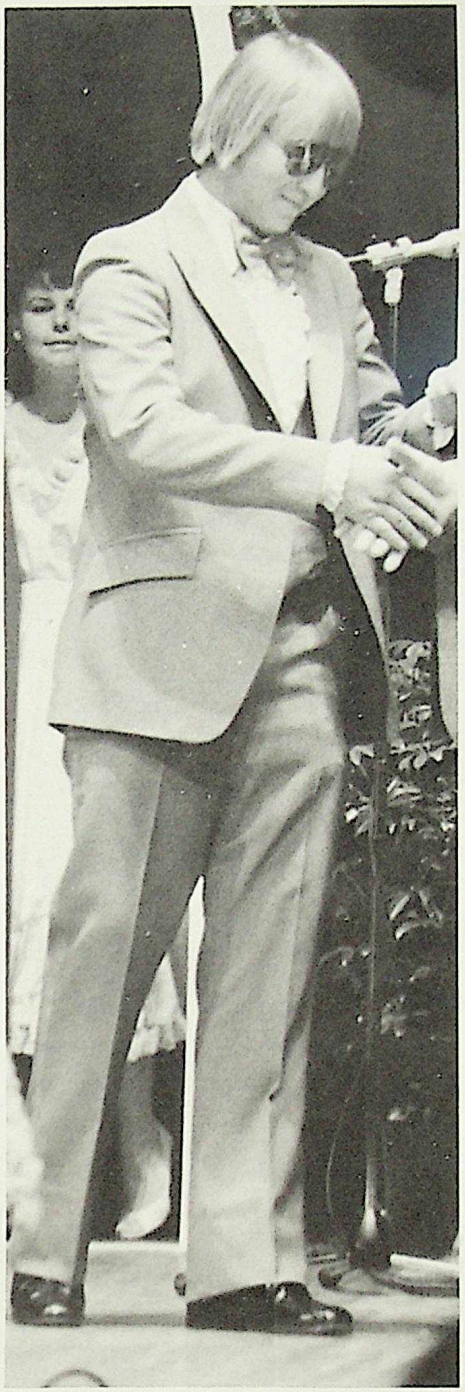
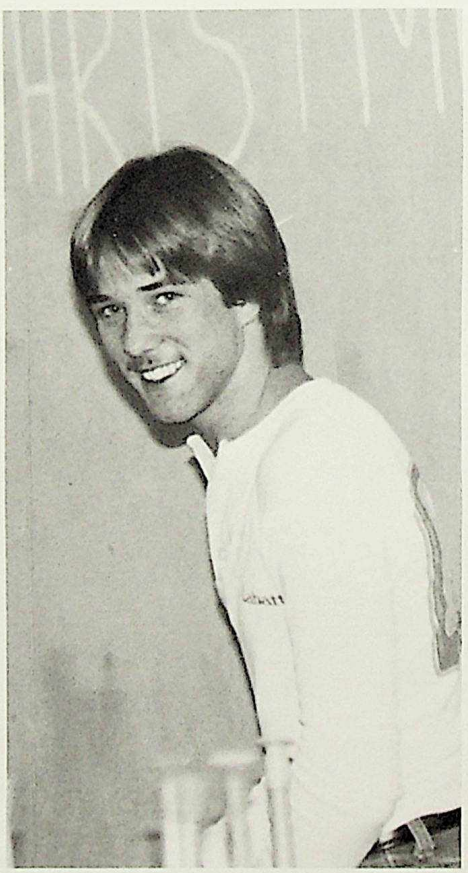
HAPPY
BIRTHDAY!

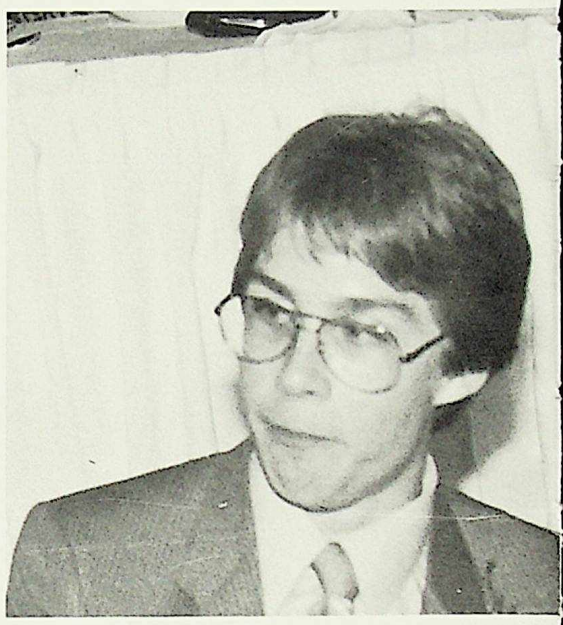


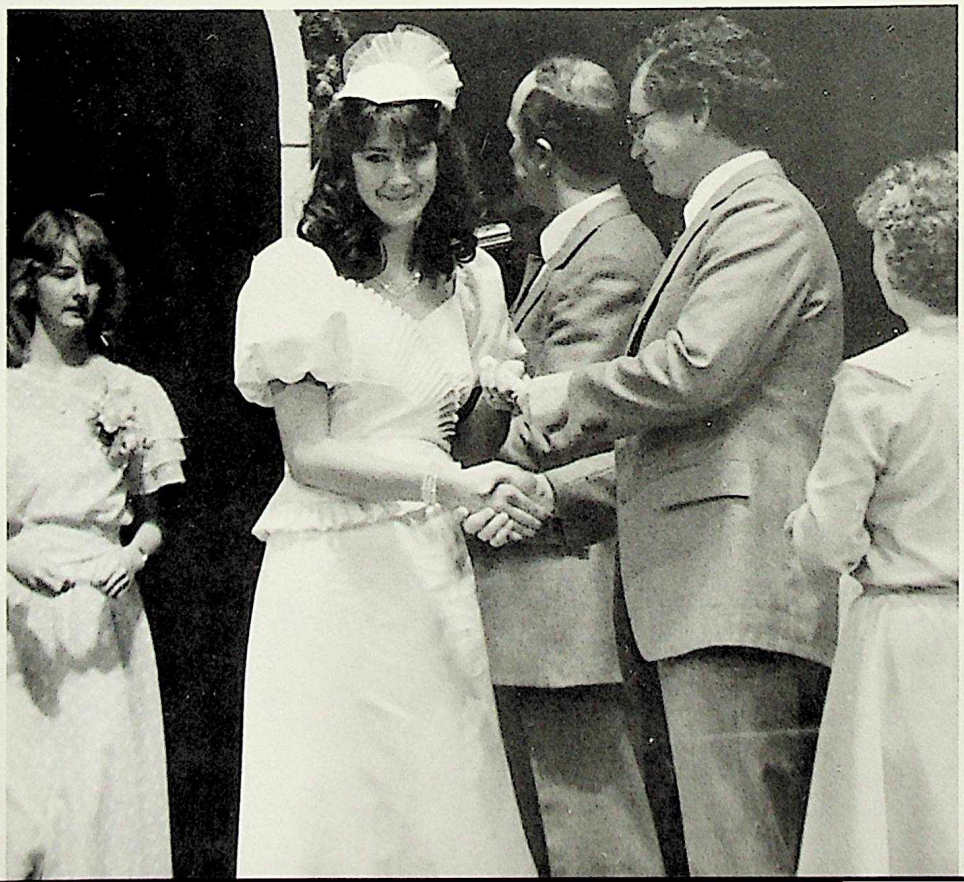
KISSING
BOOTH

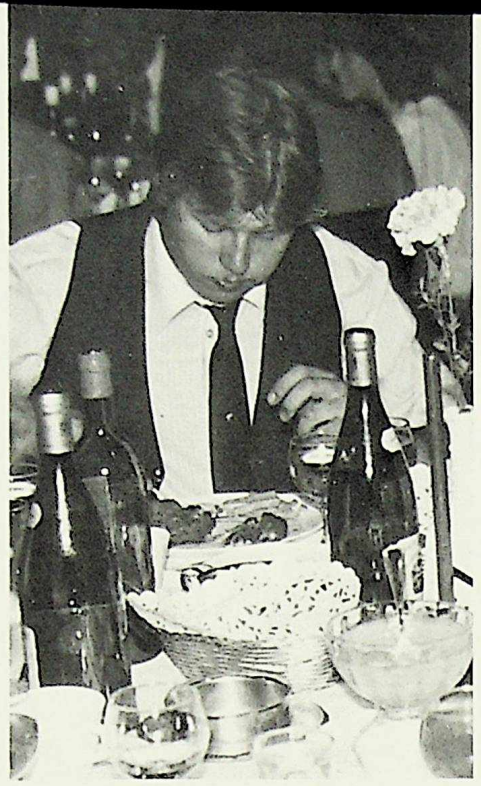


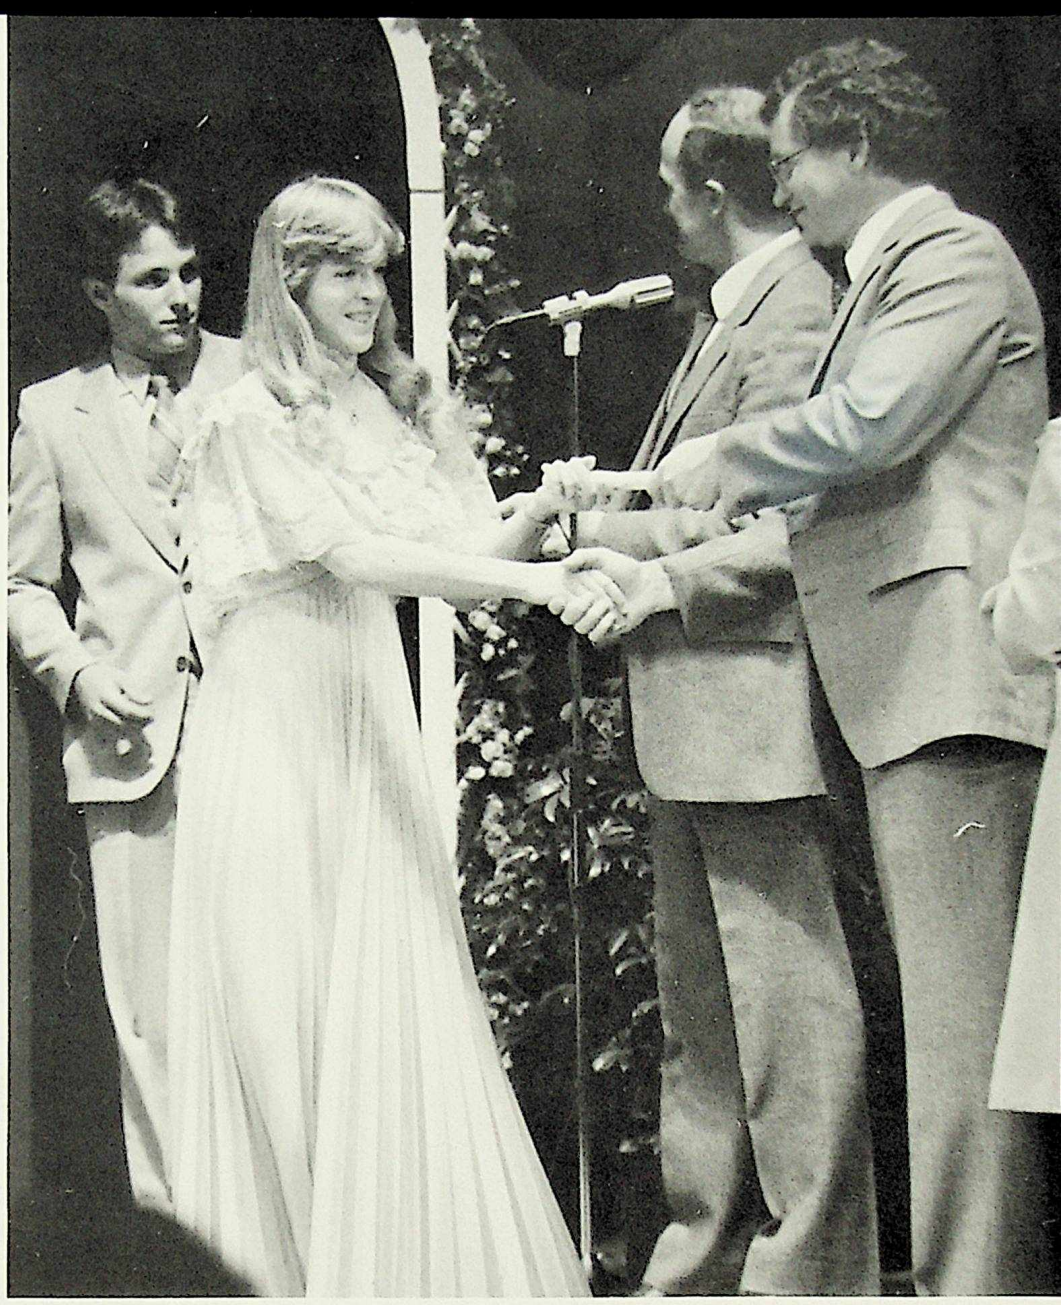


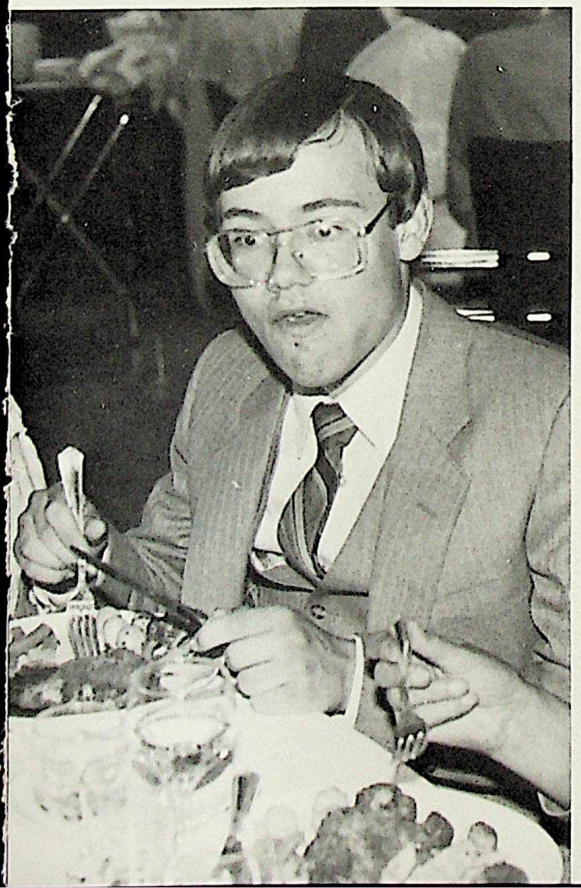












The McNally Grad Council worked extremely hard this year to bring the last of our high school years to a perfect ending. With the afternoon ceremony proving to be a little nerve racking, yet entertaining, members of the council reminded us all of various antics throughout the year. The evening of dining and dancing at the MacDonald Hotel was no exception to the success of the entire day. Thanks Grad Council — for a job well done. Unfortunately, the conditions of many grads at Hastings Lake left us with no embarrassing pictures.

The McNally Senior Women's Basketball team had a very successful year; finishing first in the city conference and second in the city finals. Special thanks are extended to all of our fans for the great support they gave us throughout the year.

Left to right on ladder: Mrs. Dickie (coach), Annette Schneider, Denise Trueman, Maura McCarthy (captain), Andrea Swain, Brenda Flesher, Loralee Ashton, Pam Marshall (manager).

The members of the Junior Women's Basketball team demonstrated improvement throughout the season. The fun, sports(woman)ship and player comradery made the team basketball experiences interesting and exciting. Their responsible and dedicated assistance contributed to the successful organization and administration of three basketball tournaments. They will be vital in McNally's future leadership roles.

Every Monday at 4:00 the Curling Club would head out to the Sportex Arena to curl against other teams from around the city. The teams were quite successful with the senior boys finishing first in a city cashspiel, second in the B event of the school Boys' Christmas Bonspiel, and top honour in the C event in their school league. The senior girls tied for first place in the A event but had to settle for second because of a total points rule losing to A.O.B. The junior boys played with a handicap as they only had three players all year but still were competitive enough to place second in the B event. Congratulations to all who competed and good luck next year.

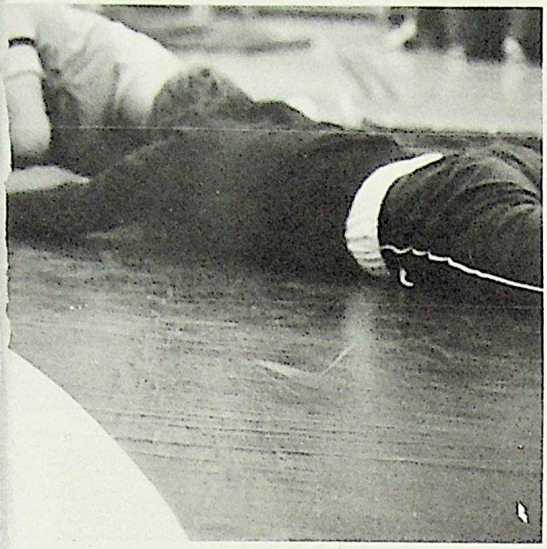
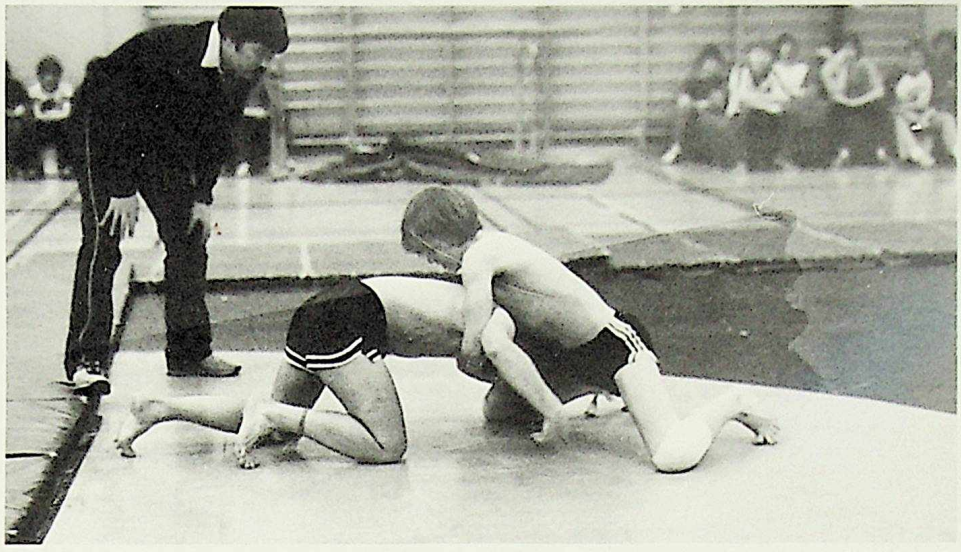
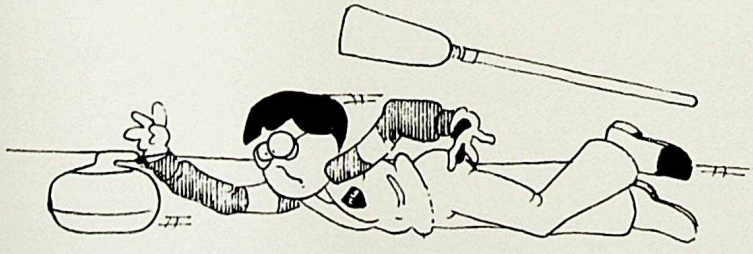
"A bunch of left-over sports pictures that we had no room for anywhere else so we threw together on this page."



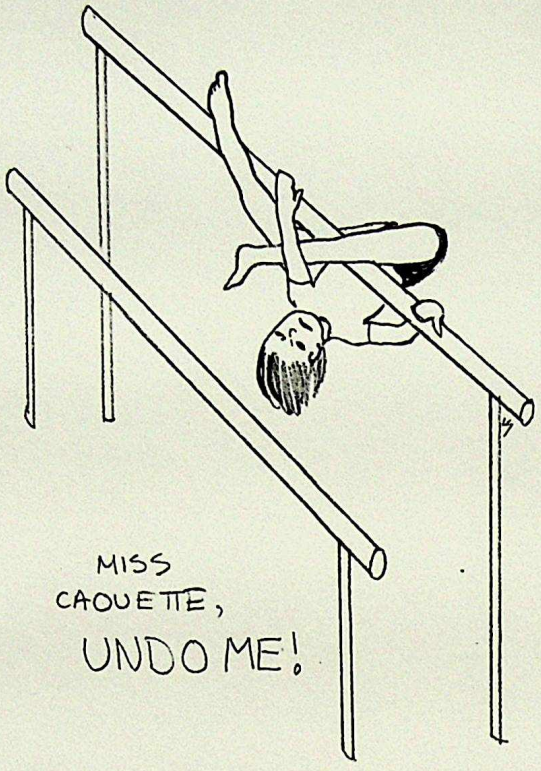




JUNIOR WOMEN'S VOLLEYBALL

The members of the Junior Women's Volleyball team were a close-knit group with outstanding enthusiasm for the sport. They practiced diligently developing their skills to achieve an excellent 9 wins, 3 losses season record. They were defeated in the playoffs by the championship team; however, the highlight of the year was winning the first place trophy at the J. H. Picard Invitational SENIOR Volleyball Tournament. These ladies have the potential to continue as future winners for McNally.

Upper picture — Left to right, back row: Andra Stevenson, Avis Martin, Shelly Fitzpatrick, Shelley Burak, Heide Schulz (manager). Left to right, front row: Mrs. Dickie (coach), Kari Krell, Dana Samycia, Jayne Cromie (captain), Keri Brekveld, Angela Beyer, Hyun Lee, Caroline Oblak (assistant coach).



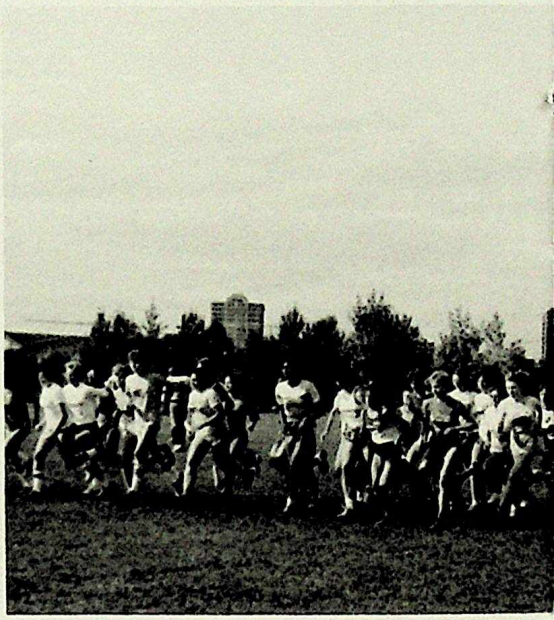
GYMNASTICS CLUB

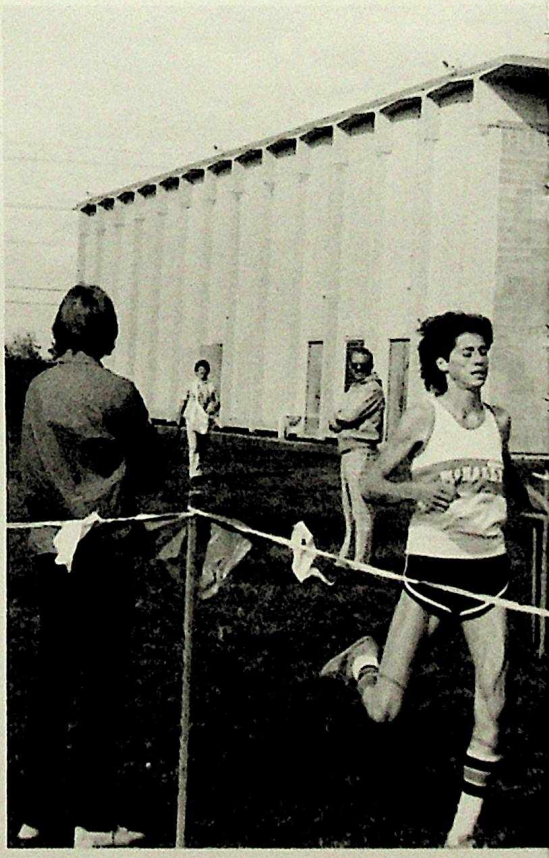
Through the course of the year, McNally's Gymnastics Club met to produce excellence in their field (or gym). Shae McKinney won the provincial championship through her effort.

Top Row: Tracy Daly, Vanessa Read, Carol Bosse, Crystal Crosby, Jane Carr, Berta Huszar, Miss Caouette (coach). Bottom Row: Lana Carrol, Hilary Challoner, ?, Shae McKinney.

CROSS COUNTRY TEAM

Top Row: Miss Middleton (coach), Perry Chernesky, Bruce Kohrs, Dave Smith, Glenda Awid, France Gagnon, Veronica Pfalz. Lower Row: Kurt Marks, Stuart Trussler, Kris Springer, Hillary Challoner, Kevin Polzin, James Janke, Steven Svendsen.

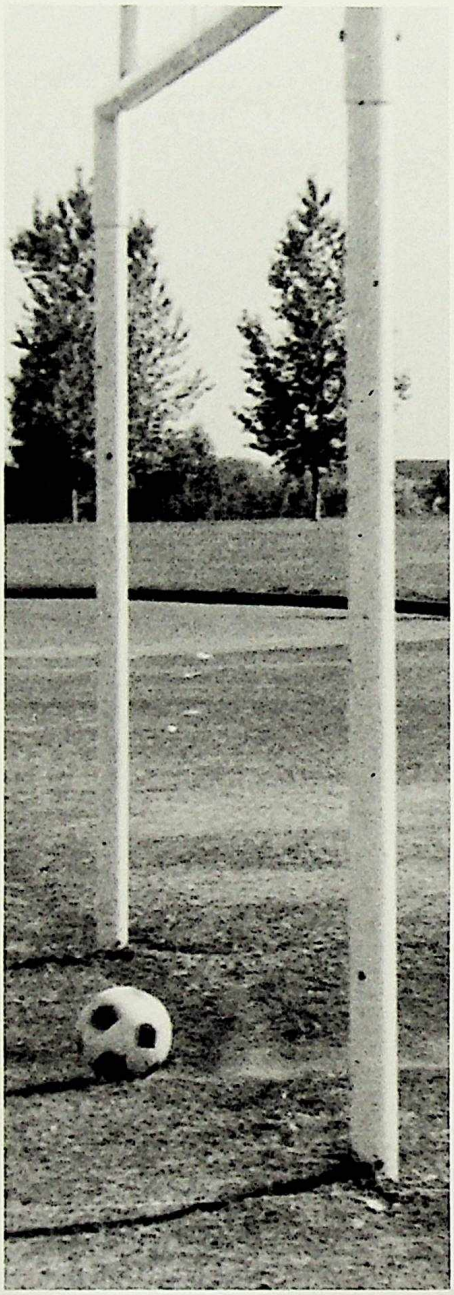




SWIM CLUB

Top Row: Karen Newberry, Nancy Stretch, Ruth Strong, Rhonda Fredericks, Kevin Polzin, Miss Middleton (coach), Janet Berrisford, Miss Caouette (coach). Middle Row: Jordan Adams, Kris Boychuk, France Gagnon, Darrin Low, Jennifer McCleneghan, Mark Laubman, Shelley Slater, Maxine Schafer. Lower Row: Luc LaRocque, Mike Baxter, Mike Foster, Glenda Awid.

BOYS' SOCCER



The Senior Boys' team competed in the South Conference and achieved a sixth place standing out of eleven teams, by virtue at a five-win, five-loss season. The highlight here was the fact that the team won four of their last five games to end the regular season on a positive note. Disappointment came in the playoffs, however, as Ardrossan came from a 2-0 deficit to beat the Tigers 3-2. It was a heart-breaking end to one of the better Senior Tiger Soccer teams.

Jr. Boys' Soccer

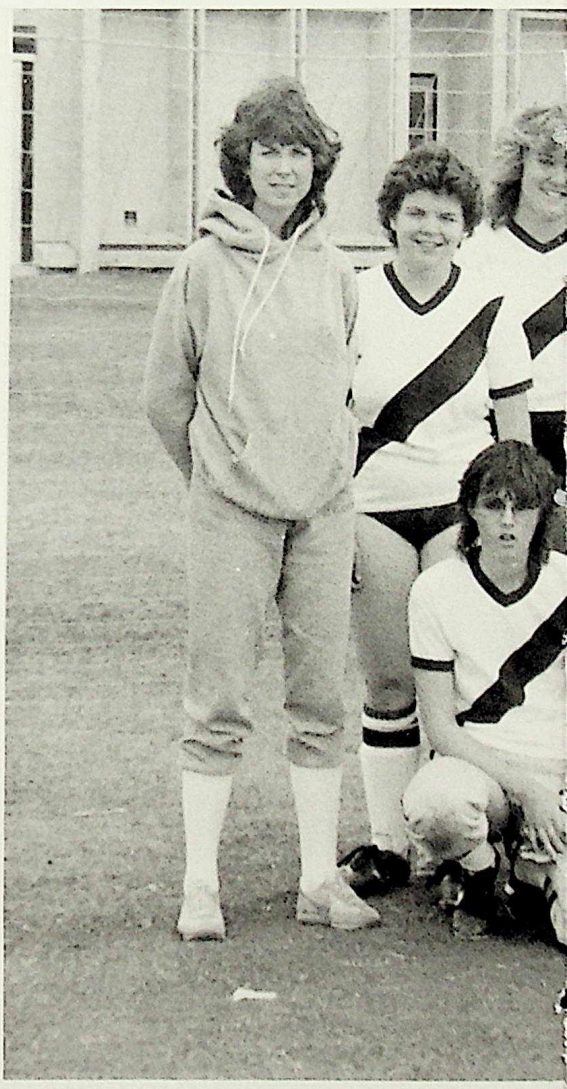
Top Row: Dirk Hofer, Lalit Bassi, Jeff Romaine, Jim Staring, Ed Leno, Stef Schovanek, Mike Pyne, Al Winklmeier, Rob Wilson. Lower Row: Ted Neufeld, Endre Koszec, Mike Kai, Wayne Taylor, Dave Pollock (goal), Herman Hum, Richard Tolway, Steve Shyska, Greg Purschke.

This year's Jr. team showed a great deal for a largely first-year squad. McNally's soccer prospects look exceedingly bright for future Jr. and Sr. teams.

Sr. Boys' Soccer

Front Row, L to R: David Wickenberg, Chi Fung, Don Young, Neal Fladager, Steve Svendson, Greg Kozak, Glyn Walters. Back Row, L to R: Todd Lorincz,

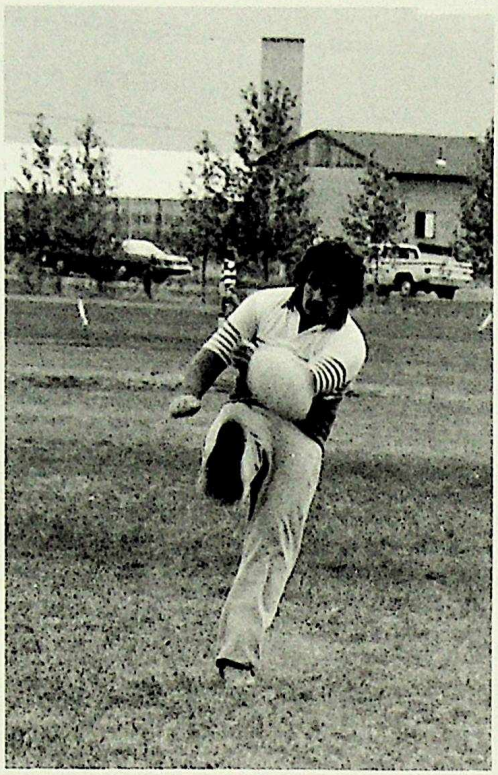
Amro Hamza, Ross Bentley, Darrin Chartier, Randy Thompson, Dave Youngs, Mike Baxter. Missing: John Choi, Mr. G. Harcott (coach).



Our Soccer season was very successful this year considering we began with only 3 returning players. We finished the season 2nd in the premier, north conference. Next year we expect to have the makings of a dynamic team.

SENIOR GIRLS' SOCCER CLUB

Back Row, L to R: Mrs. B. Harcott, Maureen Stauffer, Maura McCarthy, Linette Manary, Karen Newberry, Nona Footz, Glenda Awid, Maxine Schafer, Sandra Whinap (Assist. Coach). Front Row, L to R: Tracy Boytch, Sherry Fitzpatrick, Loralee Ashton, Tracey Anderson, Michelle Adams, Shelly Fitzpatrick (laying in front), Cheryl Michalyshyn. Missing: Cathy Hayk, Angie Kretzchmar, Fran Birchard, Heather Thompson.



RUGBY

Ian Gallegar, who made up an important part of this year's team, had a very successful year, scoring up to 75% of the goals made. The team itself also had a very successful year. They participated in the semi-finals, ousting Victoria Composite from the race. From there they went on to the Conference Finals where they defeated Archbishop O'Leary, claiming the silver medal.

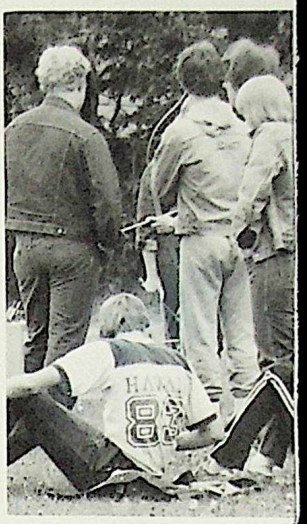
PHYS. ED. 20R OUTDOOR CAMP



Emphasis is on developing knowledge of and experiences with coed recreational sporting pursuits. The outdoor educational activities tend to be the most memorable highlights. This year we did downhill skiing, canoeing, camping, and sailing. (McNally does not allow to bring the contents of the box, yet they still had a great time.)

Left to right, back row: Mrs. Dickie and Sammy, Alan Morton, Jared Amero, Scott Young, Darin Morrison, Rhonda Fredericks, Doug Ullrich, Carrie Berendt, David Wheeler, Laurel Edwards. Left to right, middle row: Rod Oakley, Paula Turner, Louise McKay. Left to right, front row: Evan Swedberg, Dale Moses.

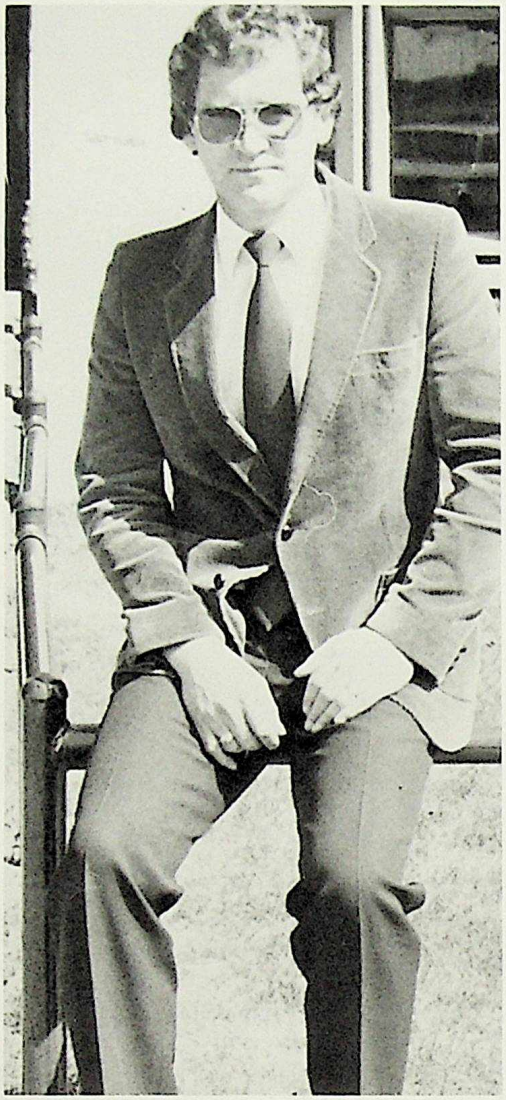
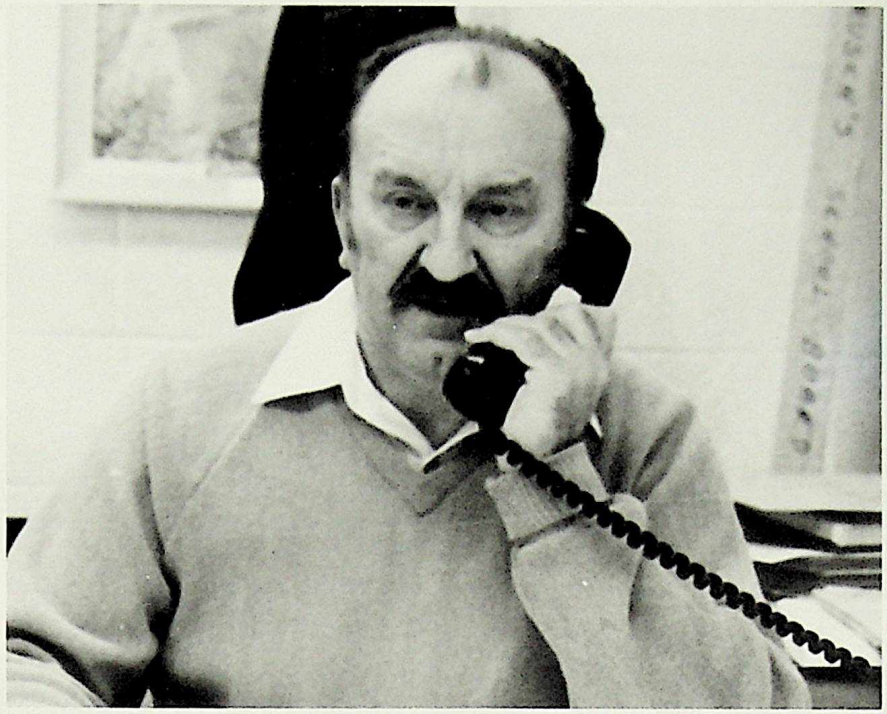
SCHOOL

FACULTY

ADMINISTRATION





Mr. Barney Chrusch
Assistant Principal, Math

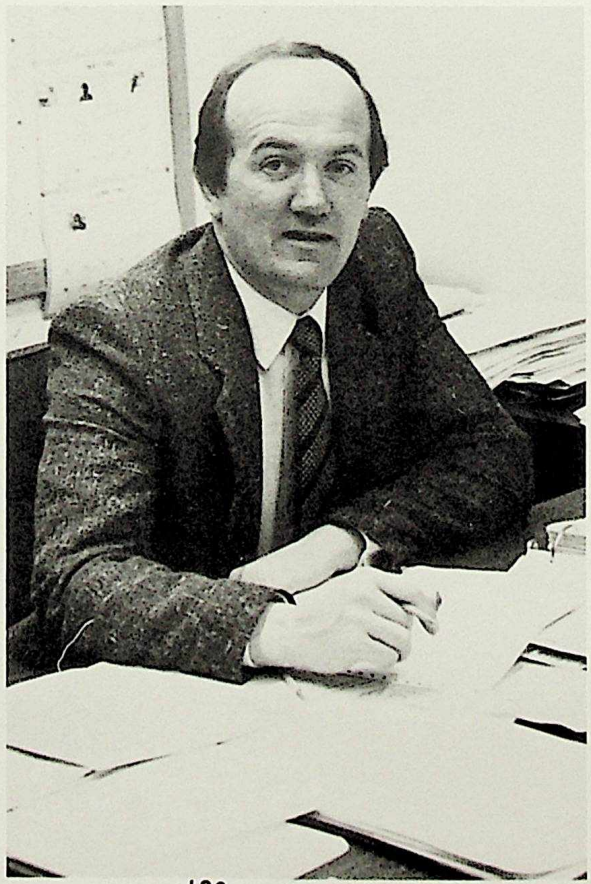
High School, high school! How could I forget it! I attended a small town high school. In fact it was so small that when one student was sick, the bus didn't run for lack of passengers. I was, of course, a model student. Anyone who knows me presently would believe it. The only problem I faced was the lack of sense of humor on the part of our principal. To this day, I couldn't understand why he was not amused when he found his 1948 Chevy on the school roof. Otherwise, I was a model student . . .

Mr. Curt Lund
Principal, Math

The past school year began with a flurry of activities. The tempo has been maintained throughout the year and I am sure all students and staff will look back on 1982/83 and feel that this was an outstanding year for McNally.

McNally students have been involved in a wide range of co-curricular and intramural activities, thanks to the enthusiastic organization and leadership of some very dedicated students and staff. This yearbook will document the breadth and depth of that involvement, and all of us who have been fortunate enough to experience so productive a year will treasure the memories contained herein.

We all owe Mr. Johnson and his hard working yearbook staff a sincere thanks for providing us with this fine record of a very satisfying year. The McNally spirit burned brightly in 1982/83 and the yearbook will help to perpetuate the characteristics that make this school, its students and its staff, so special.



Mr. Richard Anderson
Assistant Principal, Psychology

This year will serve as a benchmark for future years at McNally in regards to the quantity and quality of co-curricular activities and academic excellence.

Miss Margaret Boomer

Miss Boomer was an "ideal" student when she went to High School. In her French, German, and Latin courses her marks were all "A"s. Her most embarrassing moment was when she was complaining about the German teacher on the bus, who happened to be sitting right behind her. She hated the uniforms they had to wear along with the food the school served and liked the power of being a prefect and reporting all the other little girls for not wearing their berets. She never took part in any frivolous things as she was busy being a good girl.

Mr. Davies attended High School in Winnipeg (65-67). He sang lead in Gilbert and Sullivan's "Trial by Jury" and played the butler in "The Importance of Being Earnest". He was in charge of school dances, hired bands, knew Burton Cummings, early Guess Who, and CBC's John Wells. He was considered "most promising playboy" in yearbook write-up and girls used to phone him for dates. He spent most of grade 12 avoiding schoolwork and his marks were: Physics — 35, Math — 51, Chemistry — 55, French — 72 and Eng. — 52.

Mrs. Barb Harcott

She spent her High School days here at McNally when there were about 500 more students than there are now. She was always forgetting her lunch but luckily her mom would drop it off for her. But as she dropped it off, she always seemed to run into Mr. McWilliam going into the office. He realized that Mrs. Harcott was a student in his class and always gave her a bad time because of it. Her most memorable year in school has been this one as she married one "Mr. Harcott" and would like to thank all for their good wishes and congratulations.

Miss Lillian Hampel
Biology, Science

Miss Hampel spent her high school days here at McNally and at lunch, she and her friends would eat out at a place called Neba where they would order "one off the cow" or "one off the pig". She had problems in Phys-ed 30 with her skiing (running over fingers), curling (splitting her pants). Having deranged friends didn't help. "I recall one pyromaniac type who set my jeans on fire in the hallway. I was still in them at the time and felt rather foolish as I beat out the flames. Some high school experiences are hard to forget."

In our 10 room school we had a chem lab with two sinks, a library with about 100 books, no xeroxed info., lots of blackboard from which we copied notes, homework every night, and of course, departmental exams. After hours our entertainment consisted of playing hockey with frozen steer turds in the winter and mice in the summer, of courting girls on the tractor or in a three-ton truck. There were all night parties out in the bunk house around the old coal stove. When I think about it all, it's funny how it seems to have happened just yesterday.

During Miss Middleton's high school days, she was almost hauled into the principal's office and threatened with suspension for being seen holding hands with her boyfriend. She also was a fashion model for Bay Teen Fashion Council in grade 12. She had an 80% average and loved biology, band and French but hated social and chemistry. And, believe it or not, she started the lab bench on fire in the chemistry class.

SUPPORT STAFF

Mrs. Campbell
Secretary-Banker

Reflecting back to my High School years in Calgary, the peer pressure was to join a sorority or fraternity so I joined the KRC. The initiations were similar to yours today, and at that time two embarrassing incidents occurred. One, I had to wash the front stairs of Crescent Heights High School with a toothbrush and a glass of water. The next occasion was during a sorority initiation when I rolled a toilet paper roll down the median of main street.

Mrs. Delainey
Guidance Secretary

Some people find it hard to believe I played on the school teams in basketball and volleyball . . . do you suppose it's my height?

Mrs. Walker
Receptionist-Secretary

Off the top let me say that I truly loved High School. Writing for the school newspaper, playing on the basketball team and being involved in drama productions sure helped make my stay a whole lot of fun. And would you believe — I spent 3 years dressed in a uniform — blue serge tunic, white starched blouse, black stockings and delightful navy blue "bloomers". See how lucky you are!

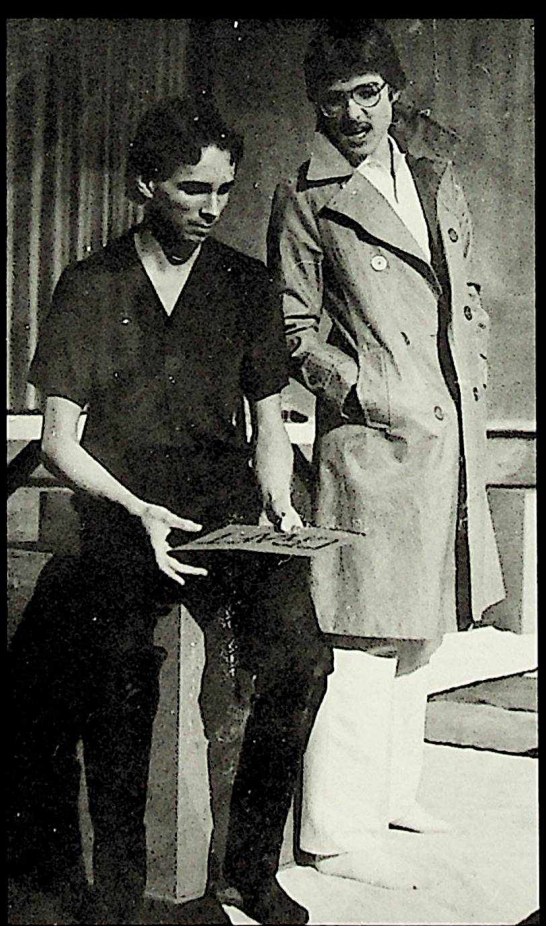
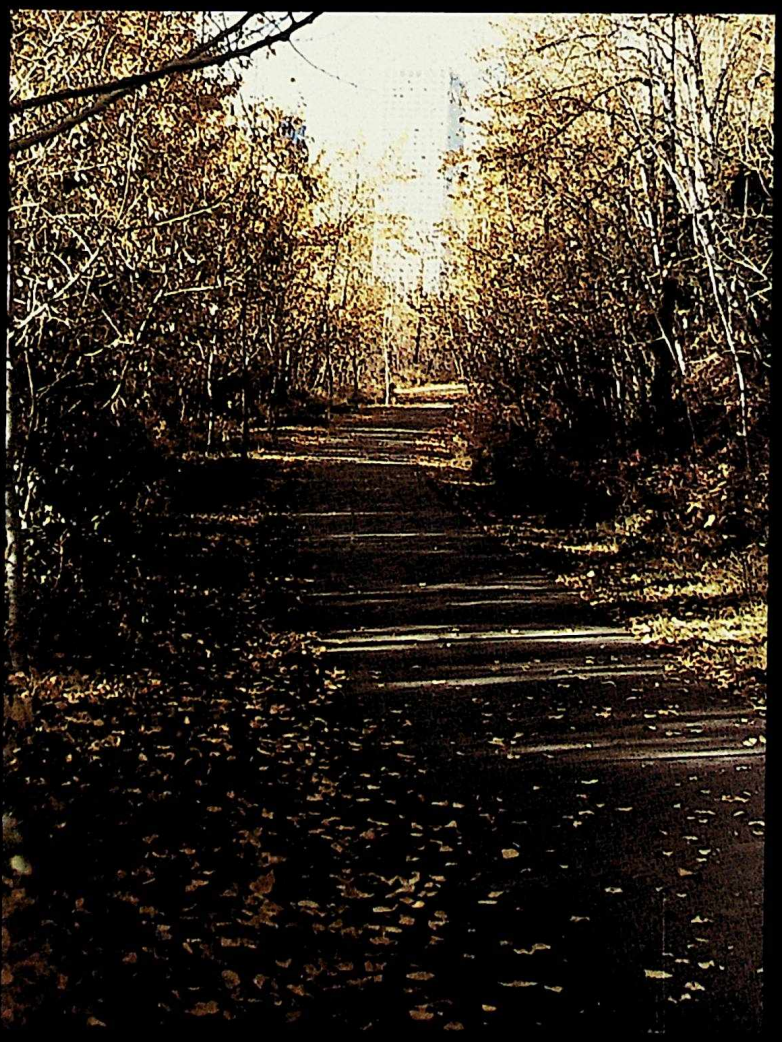
UP WHERE WE

BELONG

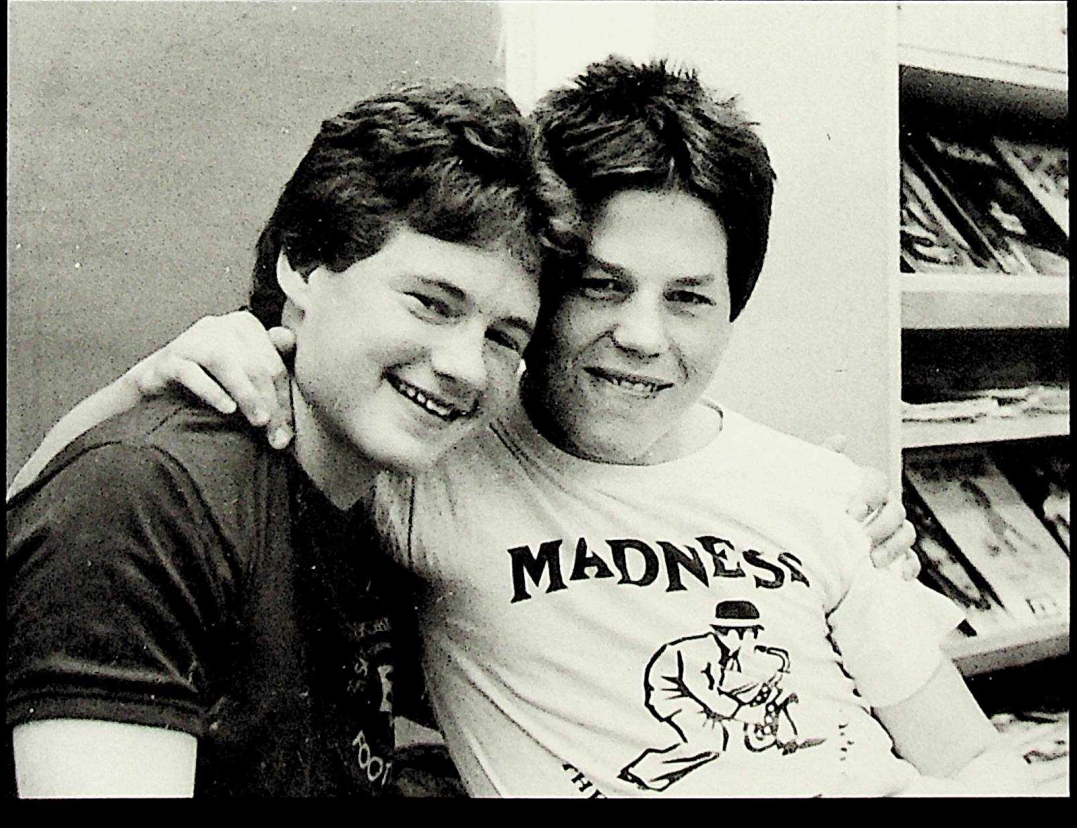
Throughout the year, students were given the chance to let go, some musically, some dramatically. A select few were given the chance to be worshipped by their classmates, or to be thrown into a group of crazy people dressed up as gypsies, Scotsmen, and even a construction woman.



"The Road Is Long" and winding, over bridges and through the valley. Our students are some of the most fortunate in regards to campus. Located on the North Saskatchewan River, the campus is lined with trails and trees. As you look out towards the west, you can gaze at the spectacular skyline of downtown Edmonton. On campus, one of the most beautiful times of year is fall, as the river valley changes color from a vibrant green to an array of oranges, yellows, and reds, giving the lower part of the campus a kaleidoscope effect.



Groups are always special, no matter where they are or how many people are in them. In the parking lot or the office hallway, there are usually a number of boys with one or more girls. Out in the fields, it's usually one boy with one girl. At other times you might find a lucky guy with two girls, or sometimes just two friends being friends.



DENSO

Extra-curricular activities and competitions play a large part in the everyday happenings at school. If it isn't an hour of tricycle races, or the "Gong Show", it's football or cheerleading practices.

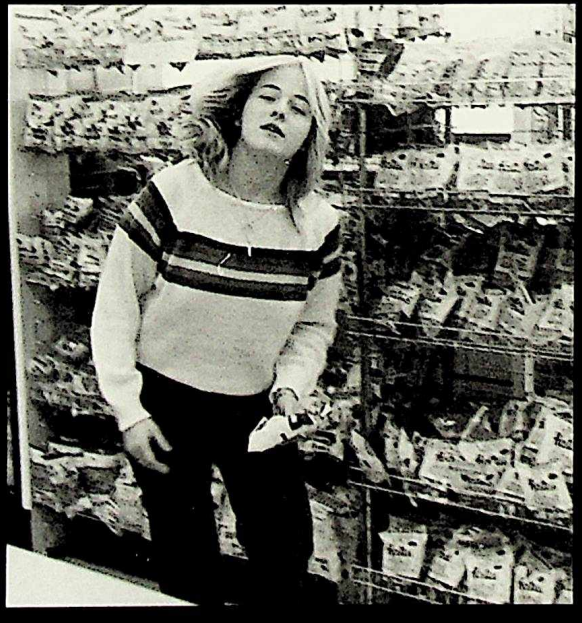
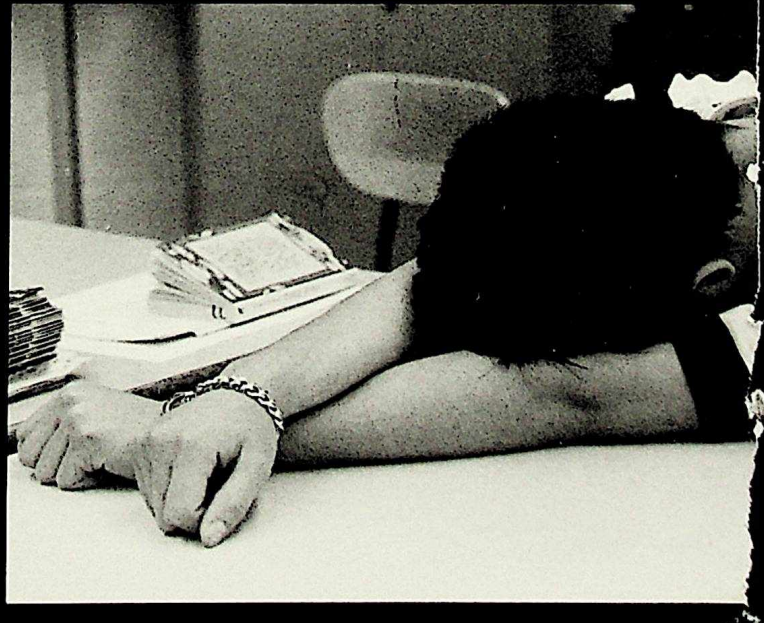
▲ *Members of the "Three Wheel Deal" certainly don't hesitate to show* their *school spirit.*

◀ *The long and treacherous "Trike" track brought the happy members of "Hell's Babushkas" the final win. What school spirit!*





You could say "Smile, You're on Candid Camera," but as you can see, these people are not smiling — they're sleeping, smoking, and gazing off into the distance. Of course, if these people knew that there was a camera present, we wouldn't have any pictures, would we!

Whether it's baking cakes, cooking pancakes, owning McNally's Tiger car, or getting married on a Saturday afternoon, it's all in the name of having fun. Even dressing up Hawaiian can be fun, if you're into that sort of thing.

▲ *Shelley Summers and Susanna Klostergaard present a work of art.*

Occasionally throughout the year, students tend to tire of the old dull grind, and often "go crazy". Some like to dress up, some like to undress. Some like surprises, especially on a friend's birthday, as they bring out the decorations and all that stuff. And as you might expect, a tender few even like the old bondage routine.

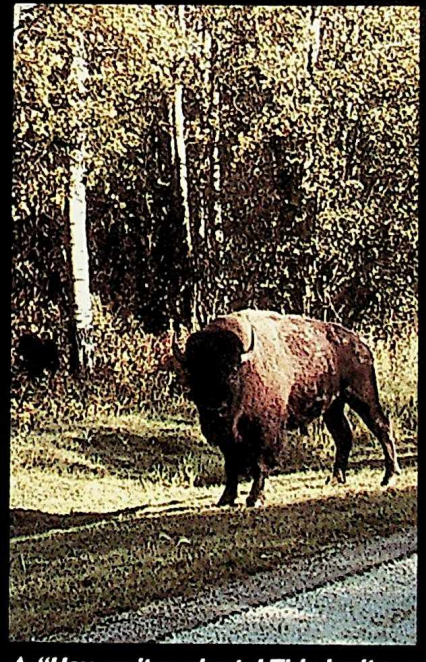
Autumn

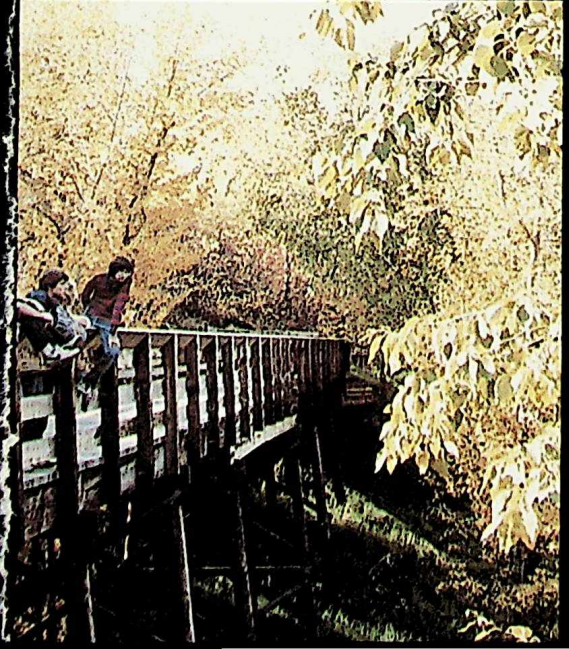
A time for meeting people,
Laughing, talking, having fun,
Friends becoming better friends.

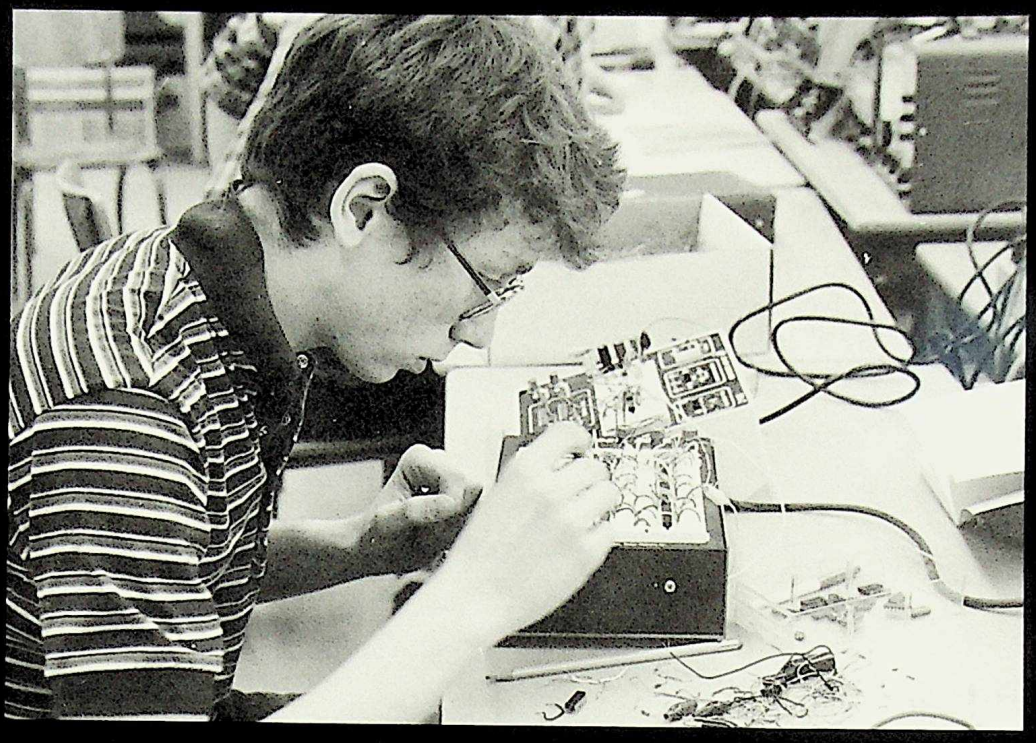
Enjoying the outdoors,
The last of the summer days,
Before the enslaught of winter.

Walking through the valley,
Watching the birds fly south,
Enjoying nature and each other:
— it happens in the fall.

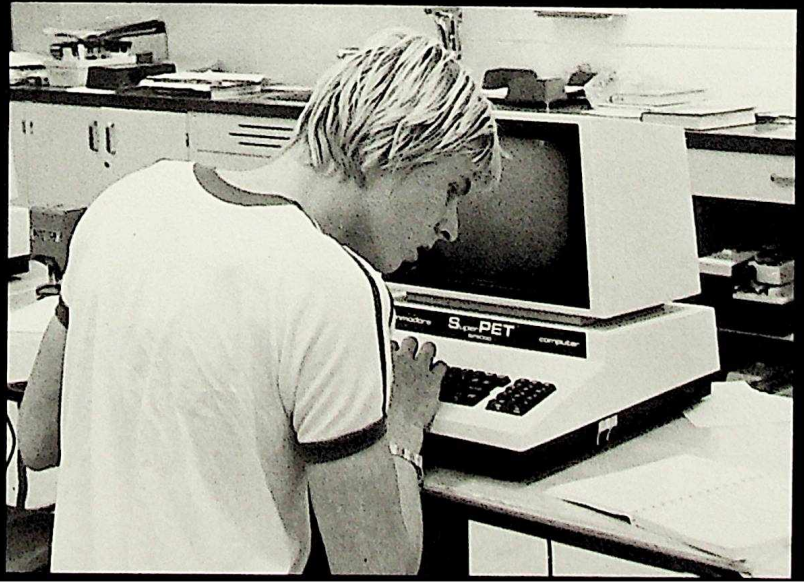


▲ *"Hey, wait a minute! This isn't one of our kids! Is it?"*





"The wheels of my mind are working,
They are clicking and clacking and creaking.
I can feel them grinding out thoughts,
The wheels of my mind are working again."



It should come as no surprise that in addition to relaxing, competing and generally having fun, there are those who actually find time to get the "wheels turning," to buckle down and, get this, do some schoolwork.

In ending another chapter of your life, I hope the contents of this edition will bring forth memories of the Best of Times in McNally. Having had the opportunity to run this unorganized organization, I now realize how much time and effort is really involved. I thank those who persevered to the end, as no one can do it alone. We apologize for the unfortunate mishandling of many irreplaceable undeveloped photos. Special thanks to Mr. J., who deserves more recognition than he ever receives, and great thanks to the 1984 staff for extra help. All the best, and may you always strive for the top . . .
